

## Department of Urology

### Application Specifics

Thank you for your interest in the University of Massachusetts Medical School Urology Program ! We participate in the American Urological Association Residency Match (AUA) where applications are submitted and processed directly through ERAS (Electronic Residency Application Service). To submit an application using ERAS, visit [aam.org/eras](http://aam.org/eras).

Please note that applicants must also register with the AUA to receive a personal match number. This number is used at each program the applicant applies. For more information on how to register, please visit the American Urological Association's website and select (Students & Residents) <https://www.auanet.org/education/auauniversity/for-residents>
