

Molecular, Cell and Cancer Biology Seminar

Joanne O'Donnell, PhD

Kelliher Lab

“Loss of RIPK1 impairs dendritic cell activation
in vitro but promotes inflammation and auto
reactivity in vivo”

Benjamin Roscoe, PhD

Wolfe Lab

“Evaluating Cas9 and Cpf1 Ribonucleoprotein
Complexes for a Variety of Genome Editing
Applications”

**Thursday, January 5th , 2017
12:00 PM**

This seminar will be held in the
5th Floor Conference Room
Lazare Medical Research Building, 516
