Designing for People

Personal Health Monitoring Device Usability Workshop

Wednesday, March 1st
11:30am-1pm
IALS Conference Center seminar rooms (S330/S340)

RSVP: https://goo.gl/forms/dLVnZjtmu338rb3l1

Sponsored by the NIH P20-funded UManage Center:
UMass Center for Building the Science of Symptom Self-Management

Facilitated by Jenna Marquard
Associate Professor of Industrial Engineering

This interactive workshop will:
- Introduce you to human factors usability design principles and methods
- Describe how human factors usability design methods can improve product and system design and implementation
- Allow hands-on practice of some human factors usability design methods
