

# Molecular, Cell and Cancer Biology Seminar

---

**Matija Zelic**

*Kelliher Lab*

“Endothelial RIPK1 mediates protection in  
models of TNF – induced shock”

**Dong-Hwan Kim, Ph.D.**

*Green Lab*

“Genome-wide CRISPR/Cas9 screen to identify  
factors that promote KRAS expression”

**Thursday, May 18th, 2017**  
**12:00 PM**

This seminar will be held in the  
5th Floor Conference Room 516  
Lazare Medical Research Building
