Crestron Quick Start

Room Support

Academic Computing Services: (508) 856-3920

System On for Presentation

1. Run your finger across the Crestron window to activate the screen.

2. Press the Presentation button.

3. Choose the Source you will be using from the left navigation area. (If using a laptop, be sure it is connected using the HDMI or VGA connections located on the podium)

4. Tap the All Displays button for the front projectors and all LCD monitors to display.

5. Adjust the Program Volume by tapping the up/down levels to the desired level.

**Note:** When The System turns on the lights in the room will dim to a presentation mode.
System On for Audio Conference

1. **Run your finger** across the Crestron window to activate the screen.
2. **Press** the Audio Conference Button.
3. Enter (9) plus the area code and number you are calling and Select Dial. (Internal calls Dial (6) plus the 4 digit extension.)
4. Adjust the Program and Mic Volumes by **tapping the up/down levels** to the desired level.

System Off

1. Select the **Main Menu button** located at the bottom right corner of the Crestron window.
2. You will be returned to the main menu. **Select** System Shutdown.
3. The Shutdown System window will populate. **Select** Turn The System Off.
