We look forward to meeting you.
In the meantime, some important information…
The Department of Psychiatry is going to assign you a primary contact person to assist you from the moment you begin planning your trip to the minute you arrive, to the time you return home. To inquire about a contact person and solidify your plan, please follow these steps and then read (below) “Frequently Asked Questions and Useful Links.”

**Step #1**
Once you have entered into an agreement to come and work in the UMass Department of Psychiatry, contact **Dennis Nealon** and begin planning your time with us.

Dennis Nealon  
Associate Director for Communications, Continuing Medical Education & Global Initiatives

**Step #2**
Make sure that you have been given the name and contact information for a department visit coordinator. One will be assigned to you from within the specific division where you will be working.

**Step #3**
Here is your Essential Questions Checklist for **Pre-Arrival** of Visiting Faculty. Answer these questions with your designated department visit coordinator before you get to campus.

1) Rate your English language proficiency and, with your department visit coordinator, discuss a plan to address any language issues (i.e. ESL classes)
   a. I am fluent in English
   b. I speak and understand some English
   c. I have a lot of difficulty with English

“A good plan is like a road map: it shows the final destination and usually the best way to get there.”  
-- H. Stanley Judd
2) Have you made initial/full contact with the Medical School’s Immigration Services and Human Resources?

3) Have you completed all pre-arrival forms and obtained the necessary visa and/or travel documentation for entry into and residing in the U.S.?

4) Has the department designated a specific department visit coordinator and provided an e-mail address and phone numbers where that person can be reached? And has that person spoken directly to you and planned to meet you face-to-face? Have you and your host contact person made sure that your travel arrangements from the airport to the University are in place?

5) Has the school provided information to you about residing in the Worcester area: such as how to access public transportation, how to travel to and from campus, where to shop and how to reach shopping destinations (grocery stores, cell phone service outlets, and home goods)?

6) Has the department contact person spoken directly with you to ensure that your living accommodations are pre-arranged and are adequate?

7) Have you been scheduled for appropriate orientation sessions on campus and been fully apprised of opportunities for social interaction and leisure time?

8) Do you plan to seek authorization for observing clinical work during your stay? If so, be aware of the requirements to do so. You must complete and sign a HIPAA agreement and submit proof of having undergone a TB test. Also, you must complete and submit a form and provide a photo to acquire an identification badge.
