

## Greetings from the Chair

Dear Colleagues,

We had a busy month with a lot of accomplishments that we should be proud of, as you will read soon. Other than the excellent research and clinical services, we continue to reach out to the community. For example, we will be a Gold Sponsor for the Asian Festival this year. Thank you all for the excellent work!

I would also like to take this opportunity to thank everyone for your great enthusiasm and participation in the strategic planning. I'm happy to report that with your contributions, the first 100 days have been both exciting and fruitful! We have finished the environmental assessment, set the organizational direction, formulated strategy, and moved onto the implementation phase. An implementation team led by Jane Coken Ryan has been set up to help each unit. It is very gratifying to see the willingness and energy in everyone to accomplish our vision of becoming the best integrated department of psychiatry in the nation! Let's keep up the momentum and continue to move forward!

*Doug*

## Thank You for the Feedback!

We have received some very helpful and constructive feedback on the April issue, mostly on font and color. We take your feedback seriously and have incorporated some of the suggestions in the May issue, such as taking out the drop cap (the large capital letter at the beginning of a paragraph) and using a darker color for the texts for better readability. We are still working on some other issues raised. Please continue to send your suggestions to us. Thank you for taking the time to read, share, and care.

## Headlines

**DAVID KENNEDY PhD and CHRISTIAN HASELGROVE** honored for their **Neuroimaging Informatics Tools and Resources Clearinghouse (NITRC)** website, Apr. 14. This is part of their outstanding research in collaboration with Turner Consulting Group (TCG). The American Council for Technology selected NITRC as the "Best Overall" winner from their "Top 21" finalists for the 2009 Excellence.Gov award. NITRC helps the government avoid waste by encouraging research laboratories to share their NIH-funded neuroimaging tools and resources. More information is available: [List of awards](#), [Federal News Radio on the winners](#), and [TCG press release](#).

**THE DESIGN OF THE NEW DEPARTMENT OF MENTAL HEALTH PSYCHIATRIC HOSPITAL** in central Massachusetts was unveiled at the groundbreaking ceremony on the Worcester State Hospital campus, May 14 (see photo, right). Mental Health Commissioner Barbara Leadholm opened up the program, followed by remarks by Lt. Gov. Timothy P. Murray and other state officials. Treating mental health patients with dignity and respect was highlighted. The heart of the crowd of more than 300 people was touched by **Colleen Reed's** account of the numerous hospitalizations of her daughter, who spent two years in Westborough State Hospital (WSH) before returning to school. **Raylena Loiselle** ended the formal program with her brief but powerful story of determination and hope, and her plea for help for other mental health patients. Raylena is a graduate of WSH's adolescent programs. She recently completed classes to become a peer mentor and will be working with the programs to increase youth voice. Several other youths from the same program also helped out at the ceremony. Read more in the [T&G article](#) on this event.

## Recognitions

**JEFFREY GELLER MD MPH** delivered a keynote address at the **1st International Congress on Organization of Psychiatric Care in Prague, Czech Republic**, Apr. 20. The conference was held at the Psychiatric Hospital Bohnice, a 1,300 bed facility within the city of Prague. Jeffrey serves on the Honorary Advisory Board. Jeffrey was elected to the **American Psychiatric Association** Vice President position.

**MARIE HOBART MD**, on a related note, is now the president elect of the **Massachusetts Psychiatric Society!**

**GERARDO GONZALEZ MD and WILLIAM MEEHAN MD PhD** gave a **Buprenorphine Training Course** to 17 UMass residents, Apr. 24. Among the many departments attending, participants included four Family Medicine, one internal medicine and 12 psychiatry residents. All will be certified as "Qualifying Physicians" to prescribe Buprenorphine for the treatment of Opioid Dependence. Gerardo is the course director and William is the chief resident in clinical research. Gerardo will be giving the course **Office-based Buprenorphine Treatment of Opioid-Dependent Patients** at the Annual Meeting of the American Psychiatry Association, San Francisco, May 20.

**TATYANA SHTEINLUKHT MD PhD** chaired "Innovations in Geriatric Psychiatry Teaching Curriculum for Residents and Fellows," a teaching & training committee symposium at the **American Association of Geriatric Psychiatry** Annual Meeting, Mar. 5-8, Honolulu, Hawaii. She also presented and participated in the poster session. Other representatives from the department are: **Lina Cassandra Vawter MD** (presentation), **Rosalie Torres Stone PhD**, **Usha Sambamoorthi PhD**, **Ulrike Berth MD**, and **Rana Badr MD** (posters). Abstracts of the presentations were published in *American Journal of Geriatric Psychiatry*.

**GREG SEWARD MSHCA LSW** **outreached to the community** and gave a series of presentations: "Tobacco and Nicotine Dependence" at Tewkesbury State Hospital in-service

training, Feb. 12; "Tobacco and Mental Health: Addressing Tobacco, Why Should I care?" at the City of Lawrence Mayor's Health Task Force Annual Health Summit, Apr. 24; "Non-Pharmacologic Therapies to Support Addressing Tobacco and Smoking Cessation" at Westborough State Hospital's addiction grand rounds, Apr. 28. Greg is the director of Tobacco-Free Initiative, Tobacco Consultation Service, and coordinator for ATTOC Tobacco Research.

**KRISTINA M. DELIGIANNIDIS MD** was one of 20 recipients nationally of the 2009 NCDEU National Institute of Mental Health (NIMH) **New Investigator Award**. She is chief resident in psychopharmacology. She will present a poster at the NCDEU (stands for New Clinical Drug Evaluation Unit) meeting at the end of June. Congrats, Kristina!

**JEAN FRAZIER MD** is the recipient of a **Life Science Moment Award**. The award-winning project will establish a training program within the medical school to provide pre-employment training for young adults with Asperger's Disorder. Currently there are no employment support models described in the literature for this population. Thus, the goal of this grant is to establish such a program, develop the materials needed for grant submission to NIMH for clinical research, and submitting a grant application. More information can be found on the [April Focus](#) (p. 2).

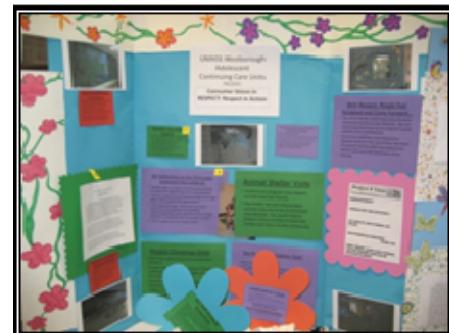

**THE TOBACCO CONSULTATION SERVICE TEAM** honored with the **Champion of Excellence for Patient Experience award**, Apr. 30. The team has aided more than 500 employees and hundreds of patients in quitting smoking since the start of the **Tobacco Free Initiative**. Its important contributions improved individual and public health.

## Reviews

**MASS. DEPARTMENT OF MENTAL HEALTH** presented its 8<sup>th</sup> annual Provider Forum for the Child and Adolescent Restraint/Seclusion Prevention Initiative, May 7. Titled "**Respect: Making it Real**," this year's theme continued with last year's on the importance of respect in recovery. **UMass Westborough Adolescent Continuing Care Units** at the Westborough State Hospital presented a poster (see photo, right). During the break, four youths from the Westborough program led a fun dance on stage and among the audience. The Forum highlighted the importance of respect and the inclusion of consumers' perspective. As the key note speaker Joel Slack put it, "respect has been, is today, and will always be the most important ingredient of recovery."

**BRIAN SZETELA MD** as featured speaker at **Schwartz Center Rounds**, May 8. The talk focused on providing compassionate medical care for patients with psychiatric and substance abuse problems. **Julia Gallagher MD** from the Division of Hospital Medicine was the other feature speaker.

**LISA FORTUNA MD MPH** conducted a 2-day symposium—**Learning Collaborative for Addressing Health and Well-Being of Refugee Youth and Families in NH**—regarding the mental health and well-being of refugee youth and families in NH, May 13-14. The symposium brought together refugee mental health providers and researchers from Boston, Vermont, New Hampshire and Minnesota in planning trauma informed services for refugee youth, along with

leaders from the African refugee community, school system representatives, Manchester NH police department, child and family services and policy makers.

## **People**

**CAROL DEOURCEY**, our new Academic Administrator for the Medical Group, joined us May 11. Carol is not a stranger to the department—she worked as the Office Manager and then Division Manager of Ambulatory Psychiatry Services from 1992-2001. Since leaving UMass, Carol has worked at Spectrum Health Systems, and her most recent position was VP of Administration and Finance at New England Eye Institute. Carol is located on the 7th floor of the Medical School, and can be reached at extension 4-0990 or [Carol.Decourcey@umassmemorial.org](mailto:Carol.Decourcey@umassmemorial.org). We are very happy to have her back.

**CASEY SHARPE**, one of our current UMass psychology interns, has accepted our offer to be a Forensic Psychology Postdoctoral Fellow beginning Sep. 1.
