Girls Incorporated of Worcester Welcomes You!

Girls Incorporated of Worcester is pleased to announce our Summer “Super” Camp for 2013! We welcome girls to join us in a variety of programs and activities geared to inspire all girls to be strong, smart, and bold.

Girls Inc. has been serving girls in grades K-12 in Worcester county for over 97 years. We offer quality research-based programs in a safe environment and provide opportunities for girls to take healthy risks, build leadership skills and master physical, intellectual, social and emotional challenges. Our “Super” Camp takes advantage of both our Camp Kinneywood and Winthrop House facilities.

Girls Inc. Super Camp
National Grid presents
Summer STEM!
Summer STEM
Theme Weeks 2013

Summer STEM offers middle school age girls an exciting array of activities! Girls will explore, discover and imagine as they engage in fun, interactive and hands-on STEM (science, technology, engineering and mathematics) activities.

Week 1 June 24-28
"Imaginarium" - The Sky's The Limit!
Have you ever wondered what it would be like to walk on the moon? Did you know that you would only weigh 1/6th of your weight on Earth? Join us as we explore the mysteries of our universe.

Week 2 July 1-5 (Camp is closed on July 4)
"Snap, Crackle, Pop" - Calling All Future Physicists
Do you know what makes Rice Krispies Cereal "Snap, Crackle and Pop" when you add milk? What makes a roaring fire snap, crackle and pop? Join us to find out the answers to these questions and other weird physical phenomena.

Week 3 July 8-12
"Where The Wild Things Are"- Animal Adventures
Lions and tigers and bears, oh my! You won't want to miss this week. Things are about to get a little 'zoo crazy' as we talk about wild animals from around the world!

Week 4 July 15-19
"Mad Scientist" - Slime, Goop and Gunk
Put on your goggles and your rain gear as we explore the chemistry of bubble rainbows, vinegar foam challenges, edible slime and much more! This week promises to bring out the mad scientist in each of us!

Week 5 July 22-26
"Eco Explorers" - Green Energy
Come learn how your energy habits affect the environment. Find out how you can make our world a greener place by exploring alternative energy sources such as solar, wind and hydro-power!

Week 6 July 29 – August 2
"H2O" - Water, Water, Everywhere!
Did you know that about 70% of the Earth's surface is covered with water? Did you know that 75% of your brain is made up of water? Let's splash and splash our way through a week of water facts and fun!

Week 7 August 5-9
"Energize Yourself!" - Cooking and Nutrition
Caterpillar kabobs, potato people and homemade trail mix are just a few snacks that "energize" our bodies! Bring your appetite this week as we learn how our bodies process food and turn it into energy. We will also create our own recipes for healthy living.

Week 8 August 12-16
"Movin' and Groovin'" - Sports and Fitness
Would you like to improve your balance, coordination and speed while working as a team and developing self-confidence? Then Girls Inc.'s "Body Physics Boot Camp" is the place you want to be!

Week 9 August 19-23
"I'm a Girls Inc. Girl" - Expressive Arts
Do you love to draw and paint? Have you ever wondered how paint is made? Do you like to dance? Do you know how many muscles you use when you dance or sing? Come express yourself as we put the 'steam' back in STEM and show us what makes you strong, smart, and bold. Are you a Girls Inc. Girl?

Why Girls Inc. Summer STEM?

- Explore hands-on activities
- Experience new adventures
- Discover how exciting it is to be you!
- Learn new skills
