

***The Center for Mental Health Services Research
DMH Center of Excellence***

CMHSR works very closely with and supports DMH's mission by providing data and developing knowledge on access to services and supports, including effective and culturally competent care promoting recovery. CMHSR is dedicated to conducting mental health training and research across topic areas identified as critical by DMH. CMHSR's mission mirrors DMH's commitment to collaborating with other state agencies, consumers, families, advocates, providers, and communities. We strive for the broadest possible dissemination of our research with the goal of informing all involved mental health stakeholders as to the state of the science. DMH and CMHSR are aligned in their vision of promoting mental health through early intervention, treatment, education, policy and regulation to provide opportunities for citizens of the Commonwealth to live full and productive lives.
