

Summer College Enrichment Program Recommendation Form

The Summer Enrichment Program (SEP) is a four-week, tuition-free, residential program for sophomore and junior undergraduate college students interested in health careers. The goal of the program is to reach and encourage students early enough in their academic careers to help them increase their qualifications and competitive standing for admission to graduate and medical schools. The program helps students make the adjustment from an undergraduate experience to professional school.

You can return this form initially via fax, but also mail it to the address above.

STUDENT'S NAME:	DATE:
------------------------	--------------

Please rate the student in each category below. Your candid evaluation of this applicant's ability to participate in a rigorous program is appreciated.
