

NINETEENTH NEW ENGLAND REGIONAL WORKSHOP

AUTOIMMUNE DIABETES MELLITUS

Friday, October 30, 2009

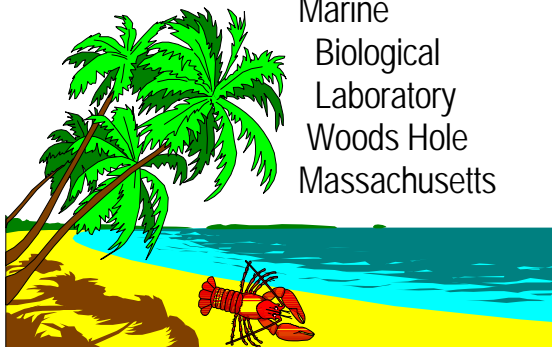

You are invited to New England's annual informal small gathering to review research work in autoimmune diabetes. Participants present one or more posters and join in off-the-record discussion. Any research germane to autoimmunity, transplantation, tolerance, human type 1 diabetes, NOD mice, BB rats, *etc.* is welcome.

We will have five lectures, a poster session, and our traditional New England Lobster Dinner!

The workshop will again be held at the Marine Biological Laboratories in Woods Hole, MA, sponsored by The University of Massachusetts Medical School, assisted by an unrestricted educational grant from the Novo Nordisk Corporation.

The Workshop this year will NOT be followed by the [Annual New England Immunology Conference](#), which takes place a week earlier

Location

Marine
Biological
Laboratory
Woods Hole
Massachusetts

To attend, please complete and return the registration form below to:

Trish Cannon
Autoimmunity of Diabetes Workshop
375 Plantation Street #218
Worcester, MA, 01605.
It may also be faxed to 508-856-4093.
