

UMass Memorial congratulates its physicians named to the 2009 list of

Best Doctors®

Best Doctors®, Inc. continuously surveys specialists worldwide to ask which doctors they would choose for treatment in their own specialty. Nationally, less than five percent of U.S. doctors are named to the list. UMass Memorial Health Care is proud that more than ten percent of our doctors at our Medical Center and four community hospitals were named to this prestigious list.

Cancer Center of Excellence

Harrison G. Ball, MD	Gynecologic Oncology
