Detailed descriptions for this week: AWARDS/PRIZES

- List is sorted alphabetically by sponsor name.
- In cases where the sponsor has not yet posted the updated deadline, I keep the last published deadline as a placeholder. Anything with a date of 2014 (or even 2013), means that the sponsor hasn't published the next year's date. Usually it is a similar date for each year, so the list can give you guidance on what to expect.
- Most require nomination, and generally do not require institutional coordination, some exclude self-nomination.
