

## Academy Contributing Educators 2025

Become a member of the Academy's interprofessional Community of Educators. The Academy can help you to create opportunities to develop and further your educational expertise. It can foster your development and dissemination of educational scholarship. Contributions to the educational mission of the institution through the Academy can help you with promotion and tenure. These are just some of the benefits you can realize through joining the Academy.

**Become a Contributing Educator** in the Academy. Contributing Educators are typically mid-career educators at UMass Chan who have focused their work as a clinician-educator or scientist-educator. An ideal candidate will be able to demonstrate achievement and focus in **one** of the following areas and may be interested in others.

- Teaching and Learning
- Curriculum development and assessment
- Educational leadership
- Educational innovation
- Educational scholarship
- Research or Clinical Education and Mentoring

In joining the Academy, **Contributing Educator** will have a considerable role in the Academy's work, committing to longitudinal involvement in Academy programs.

### **Contribution to the Academy can include:**

1. Attendance at Academy events (Education Grand Rounds, Education Day, Core Workshop Series, Peer Consultation for Educators)
2. Developing and leading a Collaborative
3. Serving on a planning committee for the Academy's Education Day
4. Teaching in the HEALL Core Workshop Series
