

**CENTER FOR CLINICAL AND
TRANSLATIONAL SCIENCE**

**2020 9th Annual Community Engagement & Research Symposium
Friday, March 20, 2020; 8:00 AM – 1:30 PM**

**UMass Medical School
Albert Sherman Center, Worcester, MA**

Poster Abstract Due: Friday, January 24, 2020

The goal of the poster session is to network, learn about each other's work and interests, and make connections for future collaborative work to address health issues in communities throughout Massachusetts and beyond. This poster session is unique in that it is geared to spark conversation about shared interests and future collaborative projects, and not necessarily to share the results of completed scientific research projects.

Who Can Submit a Poster Abstract?

- Community organizations
- Research teams describing their research in any stage of the research process
- Researchers seeking research partners
- Students and/or community members, trainees

Examples of poster ideas include, but are not limited to, the following:

- A description of your community-engaged research at any stage in the process. Include information on your partnerships and collaborations.
- A description of your community agency, or your community-engaged research interests and experiences.
- See posters from previous symposia https://escholarship.umassmed.edu/chr_symposium/2019/

Note to Community Agencies:

You are welcome to describe your community agency. Feel free to use informational or marketing materials. In addition, you could describe:

- Ideas or priorities for community engaged research
- Your experience in partnering for research, describing your community engaged research at any stage in the process
