UMass Clinical Faculty Development Center
Mission
To promote excellence in learner-centered teaching and patient-centered practice by advancing the teaching and communication skills of clinicians and promoting the professional development of clinical educators.
UMass Clinical Faculty Development Center

Goals:
- To promote UMass as a center of excellence in clinical teaching
- To support a community of educators within UMass and beyond
- To increase excellent provider-patient communication in all disciplines, leading to increased patient satisfaction and improved clinical outcomes

Methods:
- To maintain an organizational structure that brings together experienced educators and clinical teachers from the three primary care departments
- To offer our signature “Teaching of Tomorrow” program for primary care physicians
- To collaborate with entities at UMass (OUME, GME, OFA, Clinical System) to provide skills in clinical teaching for UMass physicians in all specialties
- To provide individualized needs assessments and tailored programs for outside medical schools and clinical entities that focus on clinical teaching or patient communication skills
