

Make the winter a little warmer: Help us *Fuel Her Fire!*

What Girls Inc. of Worcester is doing...

Hybrid and In-Person Programs

With safety in mind, we are offering Strong, Smart, and Bold in-person and hybrid programs this winter. Girls receive the support and skills they need to succeed in our **Learning Hub, Eureka!**, and signature **enrichment programs**.

Opening doors to STEM

Girls Inc.'s grades K-12 STEM Pipeline is where our state-of-the-art **Technology Center** and research-based curricula unite with community partners to offer girls engaging experiences that **ignite her interest in STEM**.

Social and Emotional Support

Now more than ever, our girls need **social, emotional, and mental health** support. Girls Inc. partners with the HOPE Coalition to connect girls and families with a **Therapeutic Mentor**. Trained Girls Inc. staff provide mindfulness and wellbeing workshops to help girls manage stress and better advocate for themselves.

... and how you can help!
