Why Ask? Why Care? The Health Implications of Your Patients’ Personal and Family History of Military Service

Janet Hale, PhD, RN, FNP
Professor Emerita Tan Chingfen Graduate School of Nursing and Department of Family Medicine and Community Health

Learning Objectives: Participants will be able to...

• Inquire about military service status with cultural humility, sensitivity and awareness of the unique health risks faced by those who have a history of military service.
• Recognize the multiple chronic and potentially fatal diagnoses for which current and former service members are at increased risk due to exposures/experiences based on era and/or locations in which they served.
• Facilitate VA connections for former service members and their families with available VA resources, pensions, benefits, services, housing, LTC, and compensation based on service-related conditions and disabilities.
