FORMS TO BE COMPLETED ELECTRONICALLY (Annually):

1. **FAFSA for 2018-2019** - available at <http://www.fafsa.ed.gov/>. Make sure to sign the FAFSA electronically with your PIN. Only the student's (and spouse if applicable) financial information is required on the FAFSA.
 - When you file your FAFSA, the UMMS code is **G09756**.
 - When you receive your Student Aid Report, please check to see that it is valid and that no corrections or updates are required.
 - If you are selected for verification by the U.S. Department of Education, the Office of Financial Aid may ask you to provide additional documentation to confirm the information reported on your FAFSA.

The U.S. Department of Education created an enhancement to the FAFSA filing process by allowing applicants to retrieve tax data directly from the IRS. This new process is called the IRS Data Retrieval Tool. The IRS Data Retrieval Tool will allow student's tax information to be transferred from the IRS to the FAFSA automatically. We strongly recommend that students select this option when filing their 2018-2019 FAFSA. This option will streamline and expedite the processing of your financial aid.

Important things to consider:

- If you did not file a Federal IRS tax return, you cannot use the IRS Data Retrieval Tool because there is no information on file with the IRS for you to view and transfer.
- Electronically filed tax return information will be available 1-2 weeks after the return has been filed. Data from paper tax returns will be available in 6-8 weeks.
- You cannot utilize the IRS Data Retrieval Tool if you are married and file separate tax returns from your spouse, if you had a marital status change after the end of the 2016 tax year or have filed an amended tax return.
- If your application has been selected for verification and the IRS Data Retrieval process was not used, the applicant will be required to submit a tax transcript from the IRS as copies of Federal tax returns will no longer be acceptable forms of documentation for this purpose.

2. **CSS PROFILE** - Complete the 2018-2019 CSS Profile, available at: <https://profileonline.collegeboard.com/prf/index.jsp>. The UMMS code is **3936**. You will need financial information for you, your spouse (if applicable) and your parents. Make certain you include complete parental financial information and electronic signature. **Do not file a CSS profile without parental financial information.**
