Re: FY22 STIPENDS AND EDUCATION ALLOWANCE FOR
UMASS RESIDENTS AND FELLOWS

The GMEC has approved the following stipend schedule for **FY22 (7/1/2021-6/30/2022)**. The fiscal year contains one more day than the payroll year (26.1 pay periods), the **Annual Salary on PA** that will appear in the UMMS payroll system and on PA forms will appear less than the actual salary.

The **Actual Salary (FY22 Actual Annual)** and **FY22 Bi-Weekly Salary** will be used on the resident/fellow **Appointment and Reappointment Agreements**.

Please reassure your trainees that they will receive the **Actual Annual** salary noted below.

PGY	FY22 Rounded	FY22 Annual on PA Payroll Year Annual	FY22 Bi-Weekly	FY22 Actual Annual (26.1 pay periods)

Education Allowance: The education allowance will remain \$750 per resident per year for all PGY levels (amounts will be pro-rated as necessary). Departments may choose to supplement this amount with Department funds. Unused amounts up to \$750 can be carried over to the next academic year. Please review the [Stipend Level Guidelines](#) and the [Education Allowance Policy](#) which details the approved use of these funds.

Orientation Pay: Residents will receive additional compensation for participation in Medical School and training program orientation activities prior to July 1, 2021. The ad comp rate paid will be based on the number of mandatory half-day orientation blocks.
