Am I Making Myself Clear?

A Scientist's Guide to Talking to the Public

Cornelia Dean

Cornelia Dean is a science writer and former science editor at the New York Times. She also teaches seminars on the communication of science.

Cornelia Dean, a distinguished science editor and reporter, urges scientists to overcome their institutional reticence and let their voices be heard beyond the forum of scholarly publication. Her recent book, *Am I Making Myself Clear?* shows scientists how to speak to the public, handle the media, and describe their work to a lay audience on paper, online, and over the airwaves.

Come and learn how YOU can help improve the tone and content of debate over critical issues to better serve the interests of science and society.
