## Quality Control at the UMass Biological Laboratory

Susan Sloan, Ph.D.  
Senior Director, Quality Control  
MassBiologics

Susan E. Sloan, Ph.D. is Senior Director, Quality Control, at MassBiologics. MassBiologics is part of the University of Massachusetts Medical School and is the only non-profit FDA licensed manufacturer of vaccines and biologics in the US. Dr. Sloan started as a Research and Development Scientist at MassBiologics in 2004 and assumed her current position in 2009, where she leads the Quality Control (QC) Department to support the manufacture and testing of biologics, overseeing Material Control/Inspection, Microbiology, Chemistry/Biochemistry, Animal Testing, and Clinical Assays for production of a licensed tetanus and diphtheria (Td) vaccine and monoclonal antibodies for ongoing clinical trials.

Come learn about Dr. Sloan's career path from Ph.D. studies into research and quality control at a biologics research and production institute.
