

## Post Master's Doctor of Nursing Practice

Nurse Admin

### Graduate School of Nursing 55 Lake Avenue North, Worcester, MA

## Transforming Advanced Nursing Practice

### Objectives for the Doctor of Nursing Practice (DNP) Program

- Prepare graduates in advanced nursing practice leadership roles for careers in clinical practice with diverse populations, organizational and systems leadership in health care systems, and clinical nursing education;
- Produce advance nurse practice leaders with the skills to apply principles of population health outcomes and evidencebased practice to clinical situations as interdisciplinary team members for improvement and transformation of patient care;
- Develop advanced nursing practice leaders with expert knowledge of complex health problems who will lead and or improve nursing practice in Worcester, the Commonwealth, and beyond.

Fall 2018—Spring 2019

The purpose: The Post Master's Doctor of Nursing Practice (DNP) program at the University of Massachusetts Worcester is to prepare nurse practitioner and nurse administrators graduates for advanced nursing practice leadership roles. The curriculum is designed to educate students to improve and transform health care through systems leadership, research translation, and advanced clinical knowledge. Graduates are prepared to assume advanced nursing practice leadership roles in hospitals and community-based settings, health care organizations, and schools of nursing as clinical faculty.

### Competencies:

The Post Master's DNP prepares students to meet the objectives of The Essentials of Doctoral Education for Advanced Nursing Practice (American Association of Colleges of Nursing, 2006)
