How did it start?
In the early hours of June 28, 1969, police raided the Stonewall Inn, a gay bar in New York’s Greenwich Village, and began hauling customers outside. The uprising became a catalyst for an emerging gay rights movement as organizations such as the Gay Liberation Front and the Gay Activists Alliance were formed, modeled after the civil rights movement and the women’s rights movement.

Where did the Pride name come from?
It's credited to Brenda Howard, a bisexual New York activist nicknamed the "Mother of Pride," who organized the first Pride parade to commemorate the one-year anniversary of the Stonewall uprising.

What's the origin of the rainbow flag?
In 1978, artist and designer Gilbert Baker was commissioned by San Francisco city supervisor Harvey Milk -- one of the first openly gay elected officials in the US -- to make a flag for the city's upcoming Pride celebrations.

How do people celebrate LGBT Pride Month?
LGBT Pride Month events draw millions of participants from around the world each year. Typically, there are monthlong celebrations and in-person gatherings that take place across the nation, including pride parades, marches, parties, concerts, workshops and symposiums.

Appreciative Reflection of the Day
Every day is a celebration because instead of waiting for happy endings, we open our eyes to the wonder of life, to see the humor and magic in each moment. Delighted in the way things turn out, amazed at the beauty of it all.

UMass Community Outreach: Foot Clinic Event

Please join us for our second annual UMass Community Outreach: Foot Clinic Event, for those of you who were able to participate at the last event in November, we had a great turnout and Fr. Madden really appreciated the help we were able to provide to individuals in the community. We had 40 volunteers from across the UMass system and 60 individuals within the community screened at the tent. We are hoping for just as good if not better of a turnout at this next event. Please volunteer your time if possible (full shift or split shift), please forward this to anyone else who would like to attend or if you know of anyone/vendors who would like to contribute donations. We are also open to recommendations of how we can make this next outreach event even better than the first, hope to see you there!

Library Skylight Replacement Project to Start July 2021

Starting July 2021, the three skylights situated above the main seating section of the Lamar Soutter Library (curved couch, large tables, and outside the computer classroom) will be replaced. In July there will be the installation of scaffolding and safety barriers. Work is expected to continue into mid-August. All three skylights will be removed and reinstalled with a new energy efficient skylight system. Due to the nature of this construction, there will be significant noise at times in the library. There will be reduced seating on the first floor, some study carrels will not be accessible, and the round staircases leading to the second and third floor will not be available for use. Accommodations will be made at alternate locations on campus to provide quiet study spaces. Daily work will begin early and is expected to be completed by mid-afternoon. Daily construction information and noise levels will be posted at the Library’s entrance. As the start date nears and work progresses, important information will be communicated through the Library website, blog, and Twitter announcements.

Looking for ad hoc babysitting help this summer and during the school year for my 2 kids (5 and 2.5 yo). Please contact Amanda at [amanda.hazeltine@umassmed.edu](mailto:amanda.hazeltine@umassmed.edu) if interested.

Alumni Spotlight

Cassandra M. Godzik, PhD, APRN, PMHNP-BC, CNE a 2020 graduate of the GSN PhD program is one of the members of the advisory group for the toolkit described below.

With funding provided by Johnson & Johnson, AACN is developing a faculty tool kit that distills the themes and teachable moments captured in 5B that can be used to instruct nursing students and potentially other health professions students. The tool kit will feature an array of free resources for nurse educators worldwide, including learning objectives and desired student outcomes; a step-by-step instructional guide; PowerPoint slides; discussion questions and sample activities; an activity guide for schools offering White Coat Ceremonies; a references list; and resource links.

48th Commencement Ceremony

The forecast for a hot, humid and joyful day was fulfilled as the UMass Medical School Class of 2021 graduates gathered with faculty, family and friends for the 48th Commencement on Sunday, June 6.

Recipe of the Month

Tomato Cucumber Onion Salad

- 1 cup diced cucumber
- 1 cup diced fresh tomato
- ½ cup olive oil
- ½ cup red wine vinegar
- ¼ cup diced red onion
- 1 teaspoon white pepper
- 1 teaspoon salt, or to taste

Toss cucumber, tomato, olive oil, red wine vinegar, red onion, and white pepper together in a large bowl; season with salt. Refrigerate until slightly chilled, 10 to 15 minutes.
