ANNUAL ENROLLMENT: April 8 - May 6, 2015

OFFICE OF THE GOVERNOR
COMMONWEALTH OF MASSACHUSETTS
STATE HOUSE • BOSTON, MA 02133
(617) 725-4000

CHARLES D. BAKER
GOVERNOR

KARYN E. POLITO
LIEUTENANT GOVERNOR

Spring 2015

Dear Colleagues:

Health care has been a major focus of mine for much of my career and I am honored to be working with the Group Insurance Commission again in this new and exciting role as your Governor.

As a former Secretary of Administration and Finance, I took seriously my role on the Commission, attending meetings and working with the GIC staff on how the Commonwealth could best fulfill the need for quality care at reasonable costs, to our employees and to taxpayers. The Commission has been at the forefront of improving healthcare transparency and empowering patients to take charge of their own health and wellbeing. Our administration is a firm believer in doing all we can, to further improve on those goals.

Getting the most out of the complex medical system depends on your active participation as a patient, a consistent relationship with a Primary Care Provider, and coordination of care. Be sure to read through this 2015-2016 Benefit Decision Guide to get an overview of upcoming benefit changes and your options. Take advantage of other GIC resources for selecting your health plan, including the GIC's website, www.mass.gov/gic, and health fairs across the state.

Thank you for your service and for helping us to improve health care quality at costs the taxpayer -- and you -- can afford.

Sincerely,

A handwritten signature in blue ink that reads "Charles D. Baker".

Charles D. Baker
Governor

IMPORTANT REMINDERS

- This *Benefit Decision Guide* contains important benefit and rate changes effective July 1, 2015. Review pages 5-6, 26-27 and 29 for details.
- Read the **Annual Enrollment Checklist** on page 2 for information to consider when selecting a health plan.
- If you want to **keep your current health plan**, you do not need to fill out any paperwork. Your coverage will continue automatically.
- **Once you choose a health plan, you cannot change plans until the next annual enrollment**, even if your doctor or hospital leaves the health plan, unless you have a qualifying event, such as moving out of the plan's service area or becoming Medicare eligible (in which case, you **must** enroll in a Medicare plan).
- Your annual enrollment forms or requests are due to the GIC **no later than Wednesday, May 6, 2015**. Forms and applications are available on the GIC's website (www.mass.gov/gic/forms). Changes go into effect July 1, 2015.

This symbol indicates that benefits are not available to GIC Retired Municipal Teachers (RMTs not participating in the municipal health-only program) and Elderly Governmental Retirees (EGRs).

ANNUAL ENROLLMENT CHECKLIST

STEP 1: IDENTIFY which health plan(s) you are eligible to join:

- Determine if you are eligible for Medicare (*see page 9*).
- Where you live determines which plan(s) you may enroll in. *See the locator map on page 10 for Medicare plans and page 20 for Non-Medicare plans.*
- See the health plan pages for eligibility details (*see pages 14-15 and 22-25*).

**Do Your Homework
During Annual
Enrollment – Even If
You Want to Stay in
the Same Plan**

STEP 2: For the plans you are eligible to join and are interested in...

- **REVIEW** the at-a-glance charts on pages 16-19 of this guide.
- **WEIGH** features that are important to you, such as out-of-network benefits, prescription drug coverage, and mental health benefits.
- **REVIEW** their monthly rates (*see pages 26-27 and 29*).
- If you are a Non-Medicare retiree/survivor, consider enrolling in a limited network plan – individuals who pay 20% of the premium **will save, on average, \$40 per month** (*see page 21*).
- **CONTACT** the plan to find out about benefits that are not described in this guide.

STEP 3: Find out if your doctors and hospitals are in the plan's network. Call the plan or visit the plan's website and search for your own **and** your covered family members' doctors and hospitals. Be sure to specify the health plan's full name, such as "Harvard Pilgrim *Primary Choice Plan*" or "Harvard Pilgrim *Independence Plan*," not just "Harvard Pilgrim."

Your health plan selection is binding until the next annual enrollment, even if your doctor or hospital leaves your health plan's network during the year. The health plan will help you find another provider.

STEP 4: If you are a Non-Medicare retiree/survivor, check on copay tier assignments that affect what you pay when you get physician or hospital services. (**Copay tiers do not apply to GIC Medicare plans.**)

Physician and hospital copay tiers can change each July 1 for GIC Non-Medicare Retiree/Survivor plans. During annual enrollment, check to see if your doctor's or hospital's tier has changed.

STEP 5: Take a look at other benefit options: Retiree Dental and Buy-Out (*see pages 32-33 for eligibility and other details.*)

THREE GREAT RESOURCES

- 1 The plan's website:** Get additional benefit details, information about network physicians, tools to make health care decisions and more. *See page 36 for website addresses.*
- 2 The health plan's customer service line:** A representative can help you. *See page 36 for phone numbers.*
- 3 A GIC Health Fair:** Talk with plan representatives and get personalized information and answers to your questions. *See page 35 for the health fair schedule.*

ANNUAL ENROLLMENT NEWS

The Commonwealth continues to face challenging budget times. Many worthy initiatives including education, local aid and transportation are competing for scarce resources as health care costs crowd out the state budget. For this fiscal year, a \$765 million shortfall is projected; the GIC has a \$165 to \$190 million deficit. Most of the GIC budget shortfall is structural – we have been underfunded for the last three years because the budget base was not updated for the additional members that we have added, the end of federal funds, and the supplemental budgets we've received. The Fiscal Year 2016 premium requests we received from the plans, especially two of the larger ones, were not realistic given the budget situation. Additionally, too many patients use expensive academic medical centers for routine care, further increasing costs for all of us.

The Administration has committed to making the GIC's current budget whole. However, despite the new budget base, there's no room for increased spending next year. With many pressing concerns, agencies have been asked to come in with level funding. The GIC has been pushing hard through the Centered Care Initiative to change the way providers are paid: moving from fee for service payment arrangements that reward providers for ordering unnecessary tests and procedures to global payments. This has been a tough slog and progress has been slower than we would like. We will continue to push for these changes, but in the meantime, the Commission has had to make some difficult decisions. These were not easy decisions and they will affect all of us who work for the state and local communities.

We encourage you to take charge of your health and take advantage of ways to lower your out-of-pocket costs.

All members:

- **Work with your Primary Care Provider (PCP)** to navigate the health care system.
- Make copies and **bring the prescription drug formulary** from your plan's website with you to all doctor visits.
- Use **urgent care facilities** and **retail minute clinics** instead of the emergency room for urgent (non-emergency) care.
- Read about ways to **take charge of your health**; the GIC's website has a wealth of articles and links to additional resources: www.mass.gov/gic/yourhealth.
- **Eat healthy, exercise regularly, don't smoke, and find ways to de-stress.**

If you are a Non-Medicare Retiree or Survivor:

- **Seek care from Tier 1 and Tier 2 specialists.** Over 164 million claims have been analyzed for differences in how physicians perform on nationally recognized measures of quality and/or cost efficiency. You pay the lowest copay for the highest-performing doctors:
 - ★★★ Tier 1 (excellent)
 - ★★ Tier 2 (good)
 - ★ Tier 3 (standard)
- If you are in a tiered hospital plan and have a planned hospital admission, talk with your doctor about whether a **Tier 1 hospital** would make sense.
- **Use your health plan's online cost comparison tool** to shop for health care services in advance.
- Consider **enrolling in a Limited Network Plan** to save money on your monthly premium.

BENEFIT CHANGES EFFECTIVE JULY 1, 2015

MEDICARE HEALTH PLAN CHANGES

Rules for Enrolling in Health Plans and Adding Dependents:

In compliance with federal and state law for pre-tax benefits, the GIC will be tightening up our rules and instituting deadlines for enrolling in health plans and adding dependents. As always, required documentation (e.g., birth certificates and marriage certificates) must accompany the change forms. *See page 7 for additional information.*

Prescription Drug Copays: All prescription drug copays except for Tier 1 retail will increase to: Tier 2 \$30 and Tier 3 \$65 retail up to a 30-day supply; Tier 1 \$25; Tier 2 \$75 and Tier 3 \$165 mail order up to a 90-day supply. For Fallon Senior Plan and Tufts Medicare Preferred, these changes will go into effect January 1, 2016.

UNICARE STATE INDEMNITY PLAN/MEDICARE EXTENSION

Prescription Drug Program: CVS/caremark was selected to continue as the pharmacy benefit manager. Prior authorization will be required for certain high-cost drugs. *See page 13 for additional information.*

Certain Oral, Injectable, Infused and Inhaled Specialty

Drugs: After the first fill of certain specialty drugs, you must get refills through CVS/caremark's specialty pharmacy. The first fill may be limited to up to a 14-day supply with a prorated copay.

Prescription Drug Program Will Become an Employer Group Waiver Plan (EGWP) Effective January 1, 2016:

The prescription drug benefit will transition to an EGWP Program, a Medicare Part D plan, with additional coverage provided by the GIC. Members of UniCare State Indemnity/Medicare Extension and their Medicare-eligible spouse and dependents will automatically be enrolled.

Under this program:

- Low-income retirees may be eligible for subsidies and reduced copayments;
- The Medicare Part D premium is included in your monthly health insurance rate. However, enrollees deemed by Social Security to have high income will also pay an Income Related Monthly Adjustment Amount (IRMAA) for Medicare Part D. Visit Social Security's or Medicare's website for more information;
- Benefits of the plan will match or be similar to the UniCare Non-Medicare health plan drug program;

- Because of the additional coverage provided by the GIC, your coverage will be better than a standard Medicare prescription drug plan; and
- You will have more retail pharmacy options for filling your 90-day maintenance medications.

We will send you additional details about the EGWP Program in the late summer; for Annual Enrollment, you do not need to do anything if you want to stay in this health plan.

NON-MEDICARE HEALTH PLANS

PCPS AND REFERRALS REQUIRED!

HARVARD PILGRIM INDEPENDENCE PLAN AND TUFTS HEALTH PLAN NAVIGATOR

In keeping with the Centered Care Initiative, Harvard Pilgrim Independence Plan and Tufts Health Plan Navigator will become Point-of-Service (POS) plans. With a POS Plan, members must select a Primary Care Provider (PCP) to manage their care and obtain referrals to specialists to receive care at the in-network level of coverage. Members who get care from specialists without a PCP referral will have higher out-of-pocket costs. Current members of these plans **will stay in the plan** if they do not switch plans during Annual Enrollment and will receive additional details of this transition from their plan.

Rules for Enrolling in Health Plans and Adding Dependents:

In compliance with federal and state law for pre-tax benefits, the GIC will be tightening up our rules and instituting deadlines for enrolling in health plans and adding dependents. As always, required documentation (e.g., birth certificates and marriage certificates) must accompany the change forms. *See page 7 for additional information.*

Deductible: The current calendar year deductible will increase to \$300 individual; \$600 two-person family; and \$900 three- or more person family coverage. The carryover provision into 2016 for deductible-related charges incurred October – December 2015 has been eliminated. The deductible will transition to a fiscal year deductible to make it easier for members to change health plan carriers at future annual enrollments. *See page 11 for additional details.*

BENEFIT CHANGES EFFECTIVE JULY 1, 2015

Other Benefits That Accrue on a Calendar Year: will transition during FY16 to a fiscal year accrual. For 2015, they will accrue on a calendar year; from January 1 – June 30, 2016, they will accrue on a half-calendar year; from July 1, 2016 – June 30, 2017, they will accrue on a fiscal year. Details vary slightly by plan; contact the plan for details:

- Out-of-pocket maximum
- Inpatient copay
- Day limits for other inpatient medical facilities (skilled nursing, rehab, etc.)
- Outpatient surgery copay
- Physical and Occupational Therapy
- Outpatient mental health
- Smoking cessation counseling
- Hearing aids
- Fitness reimbursement
- Nutritional counseling
- Vision hardware for certain conditions
- Vision exam
- Chiropractic visits
- Speech therapy
- Private Duty nursing
- Hospital-based personal emergency response systems

See the Non-Medicare at-a-glance chart on page 18 for the following changes:

Specialist Tiering: Copays for specialists will increase for all plans: \$30 Tier 1; \$60 Tier 2; \$90 Tier 3. Fallon Health Direct Care will tier specialists based on quality and/or cost efficiency for the first time.

Inpatient Hospital Care Copay: For plans that do not tier hospitals (Fallon Health Direct Care, Health New England, Neighborhood Health Plan, UniCare State Indemnity Plan/Basic, and UniCare Community Choice), the copay will increase to \$275. Tufts Health Plan Navigator will change to three tier hospital copays and Tier 1 and Tier 3 copays will increase or change for all plans that have three hospital tiers (Fallon Health Select Care, Harvard Pilgrim Independence Plan, Tufts Health Plan Navigator, and UniCare PLUS): Tier 1: \$275 and Tier 3: \$1,500. For Harvard Pilgrim Primary Choice, Tier 1 will increase to \$275.

Outpatient Surgery Copay: The copay will increase to \$250 for all plans **except** UniCare Community Choice and PLUS.

Prescription Drug Copays: All prescription drug copays except for Tier 1 retail will increase to: Tier 2 \$30 and Tier 3 \$65 retail up to a 30-day supply; Tier 1 \$25; Tier 2 \$75 and Tier 3 \$165 mail order up to a 90-day supply.

In-Network Out-of-Pocket Maximum: The out-of-pocket maximum (\$5,000 per individual and \$10,000 per family) will now include prescription drugs for Harvard Independence and Primary Choice, Tufts Navigator and Spirit. (This already applies to the other GIC HMOs.) The out-of-pocket maximum for UniCare State Indemnity Plan/Basic, Community Choice and PLUS will change to \$4,000 per individual and \$8,000 per family for medical and mental health benefits and \$1,500 per individual and \$3,000 per family for prescription drug benefits.

Other Non-Medicare Health Plan Changes

NEIGHBORHOOD HEALTH PLAN

- NHP Care will now be called NHP Prime.
- Prosthetics and orthotics with Durable Medical Equipment (DME) will be subject to the deductible, but not coinsurance.
- Hearing aid benefits for members over age 22 will no longer be subject to coinsurance.

TUFTS HEALTH PLAN NAVIGATOR AND SPIRIT

- **Mental Health/Substance Abuse:** Outpatient mental health visits up to 26 visits without prior authorization; thereafter, visits subject to prior authorization for medical necessity.

UNICARE STATE INDEMNITY PLAN/BASIC, COMMUNITY CHOICE AND PLUS

- **Prescription Drug Program:** CVS/caremark was selected to continue as the pharmacy benefit manager. Prior authorization will be required for certain high-cost drugs. *See page 13 for additional information.*
- **Certain Oral, Injectable, Infused and Inhaled Specialty Drugs:** After the first fill of certain specialty drugs, you must get refills through CVS/caremark's specialty pharmacy. The first fill may be limited to up to a 14-day supply with a prorated copay.
- **Mental Health/Substance Abuse:** One visit with a PCP for mental health/substance abuse will now be covered. Outpatient mental health visits up to 26 visits without prior authorization; thereafter, visits subject to prior authorization for medical necessity.

Other GIC Benefit Changes

RETIREE DENTAL: Composite fillings on posterior teeth will now be covered.

PROCEDURE CHANGES AND FREQUENTLY ASKED QUESTIONS

Modifications to Rules for Enrolling in Health Plans and Adding Dependents

In compliance with federal and state law for pre-tax benefits, the GIC will be tightening up our rules and instituting deadlines for enrolling in health plans and adding dependents effective July 1, 2015. As always, required documentation (e.g., birth certificates and marriage certificates) must accompany the change forms.

Effective July 1, 2015:

- All GIC forms have changed. Visit our website for current forms: www.mass.gov/gic/forms.
- GIC eligible enrollees can only enroll in coverage for the first time as a new hire, at Annual Enrollment or during the year with a documented qualifying event: marriage, birth/adoption of child, involuntary loss of other coverage, spouse's annual enrollment, or return from an approved FMLA or military leave.
- GIC members can only change from individual to family or family to individual coverage with a qualifying event: marriage, birth/adoption of child, change in dependent eligibility, divorce (subject to M.G.L. Ch. 32A eligibility requirements), death of spouse/dependent or spouse's or dependent's involuntary loss of coverage elsewhere.
- All forms and documentation for the above enrollments or changes **must** be received at the GIC within 60 days of the qualifying event. If you miss this deadline, you must wait for the next Annual Enrollment to make the change.

As always, it's important to remember that you can only change health plans at Annual Enrollment, unless you move out of your health plan's service area, at retirement, or are retired and become Medicare eligible, in which case you **must** change plans.

Frequently Asked Questions

Q *I'm turning age 65; what do I need to do?*

A If you are age 65 or over, visit Social Security's website or your local Social Security office for confirmation of Social Security and Medicare benefit eligibility. **If you are eligible for Medicare Part A for free and if you are retired from the state, you must enroll in Medicare Part A and Part B** to continue coverage with the GIC.

You should not sign up for an individual Medicare Part D on your own; prescription drug benefits are provided by your GIC health or drug plan.

Q *I am retired from the state, but not yet age 65. My GIC-covered spouse is turning age 65. What does my covered spouse need to do?*

A If your GIC-covered spouse turns age 65 before you (the insured state retiree), your covered spouse should visit Social Security's website or your local Social Security office for confirmation of Social Security and Medicare benefit eligibility. **If your covered spouse is eligible for Medicare Part A for free, he/she must enroll in Medicare Part A and Part B to continue coverage with the GIC.**

Q *I am retired from the state. I am (or my covered spouse is) age 65 or over and the other one of us is not. How does this affect our GIC health insurance?*

A If you or your covered spouse is age 65 or over and eligible for Medicare Part A for free, but the other one is under age 65, the person under age 65 will continue to be covered under a Non-Medicare plan until he/she becomes eligible for Medicare coverage. The person age 65 or over must enroll in a GIC Medicare Plan. If you have Medicare/Non-Medicare combination coverage, you must enroll in one of the pairs of plans listed on page 9.

FREQUENTLY ASKED QUESTIONS

Q *I am an active GIC-eligible employee and am also retired from a state agency or participating municipality and am eligible for GIC retirement benefits. Can I elect both employee and retiree benefits?*

A No. You must elect active employee **or** retiree benefits. Contact the GIC to indicate whether you want employee or retiree benefits.

Q *If I die, is my surviving spouse eligible for GIC health insurance?*

A If you (the state retiree) have coverage through the GIC at the time of your death, your surviving spouse is eligible for GIC health insurance coverage **until he/she remarries or dies**, regardless of your retirement benefit option (A, B or C). However, he/she must apply for survivor coverage by contacting the GIC for an application; survivor coverage is **not** an automatic benefit. If your surviving spouse is a state or participating municipal employee or retiree, he or she must elect coverage through the state or participating municipality and is not eligible for survivor health coverage.

See the GIC's website for answers to other frequently asked questions:
www.mass.gov/gic/faq

You MUST Notify the GIC When Your Personal or Family Information Changes

Failure to notify the GIC of family status changes, such as legal separation, divorce, remarriage, and/or addition of dependents **can result in financial liability** to you. Please write to the GIC when any of the following changes occur:

- Marriage or remarriage
- Remarriage of a former spouse
- Legal separation
- Divorce
- Address change
- Dependent age 19 to 26 who is no longer a full-time student
- Dependent other than full-time student who has moved out of your health plan's service area
- Death of an insured
- Death of a covered spouse, dependent or beneficiary
- Life insurance beneficiary change
- Birth or adoption of a child
- Legal guardianship of a child
- You have GIC COBRA coverage and become eligible for other coverage

MEDICARE AND YOUR GIC BENEFITS

Medicare Guidelines

Medicare is a federal health insurance program for retirees age 65 or older and certain disabled people. Medicare Part A covers inpatient hospital care, some skilled nursing facility care and hospice care. Medicare Part B covers physician care, diagnostic x-rays and lab tests, and durable medical equipment. Medicare Part D is a federal prescription drug program.

When you or your spouse is age 65 or over, or if you or your spouse is disabled, visit Social Security's website or your local Social Security Administration office to find out if you are eligible for free Medicare Part A coverage.

If you (the insured) continue working after age 65, you and/or your spouse should NOT enroll in Medicare Part B until you (the insured) retire.

When you (the insured) retire:

- If you and/or your spouse is eligible for free Part A coverage, state law requires that you and/or your spouse enroll in Medicare Part A and Part B in order to be covered by the GIC.
- You **must** join a Medicare plan sponsored by the GIC to continue health coverage. These plans provide comprehensive coverage for some services that Medicare does not cover. If both you and your spouse are Medicare eligible, both of you must enroll in the same Medicare plan.
- **You must continue to pay your Medicare Part B premium.** Failure to pay this premium will result in the loss of your GIC coverage.

Medicare Part D and Your Prescription Drug Benefits

Most enrollees should not enroll in an individual federal Medicare drug plan. See page 13 for additional details.

Retiree and Spouse Coverage if Under and Over Age 65

If you (the retiree), your spouse or other covered dependent is younger than age 65, the person or people under age 65 will continue to be covered under a Non-Medicare plan until you and/or he/she becomes eligible for Medicare.

If this is the case, you must enroll in one of the pairs of plans listed below:

Health Plan Combination Choices – State retirees, deferred retirees and former employees receiving continuation coverage

How to Calculate Your Rate

See rate charts on pages 26-27 and 29.

Retiree and Spouse Both on Medicare

Find the "Retiree Pays Monthly" rate for the Medicare plan in which you are enrolling and double it for your total monthly rate.

Retiree and Spouse Coverage if Under and Over Age 65

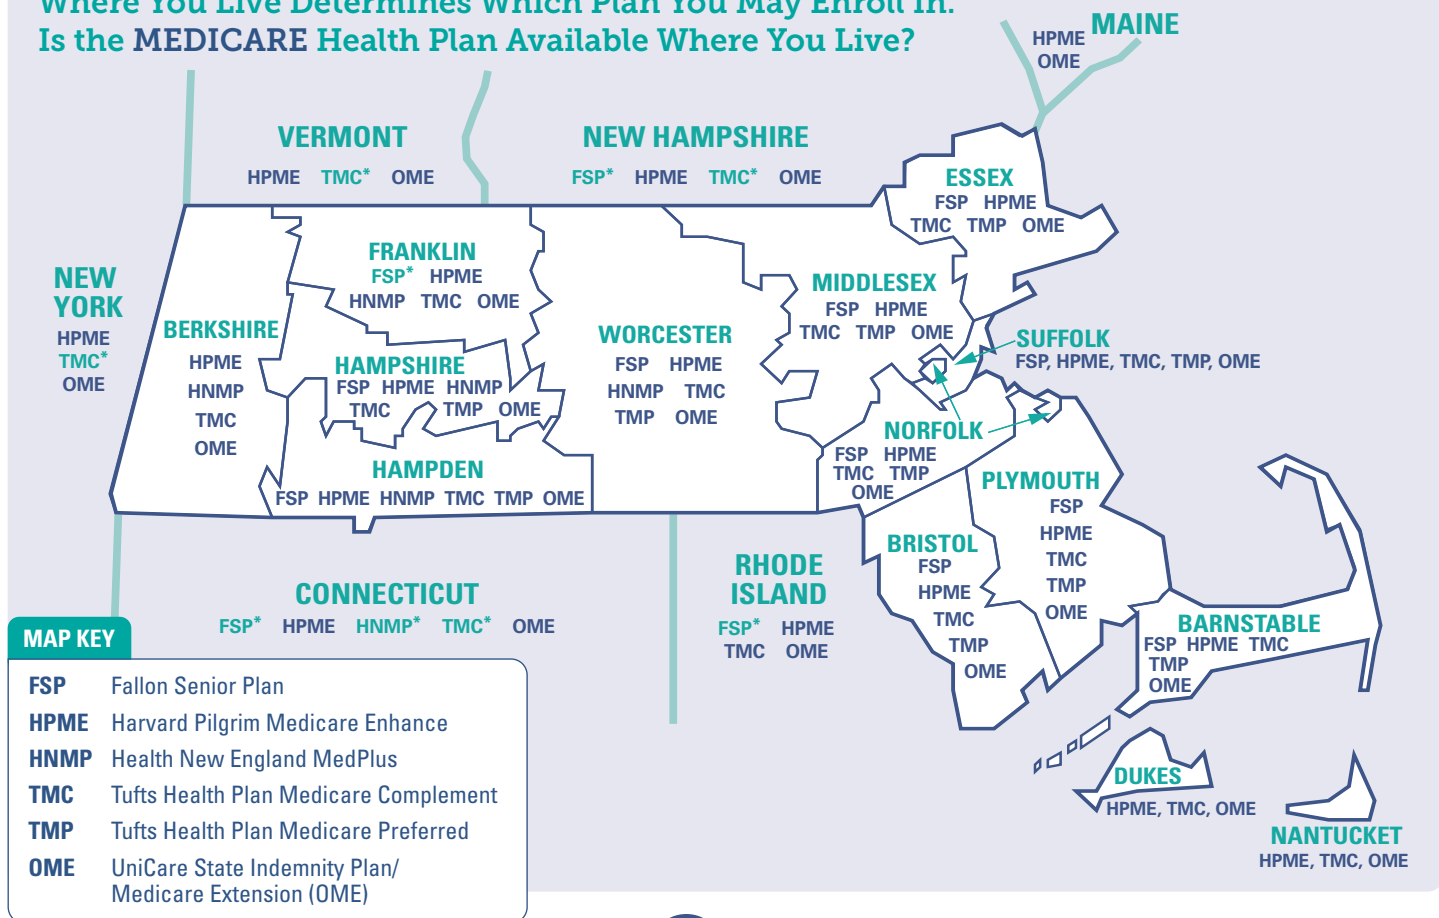

1. Find the "Retiree Pays Monthly" premium for the Medicare Plan in which the Medicare retiree or spouse will be enrolling.
2. Find the "Retiree Pays Monthly" individual coverage premium for the Non-Medicare Plan in which the Non-Medicare retiree or spouse will be enrolling.
3. Add the two premiums together; this is the total that you will pay monthly.

Helpful Reminders

- Visit Social Security's website or your local Social Security office for more information about Medicare benefits.
- HMO Medicare plans require you to live in their service area. See the Medicare Health Plan Locator Map below.
- You may change GIC Medicare plans **only during annual enrollment**, unless you have a qualifying event, such as moving out of your plan's service area. Note: Even if your doctor or hospital drops out of your Medicare HMO, you must stay in the HMO until the next annual enrollment. Your Medicare HMO will help you find another provider.
- Benefits and rates of Fallon Senior Plan and Tufts Health Plan Medicare Preferred are subject to federal approval and may change January 1, 2016; you cannot change plans until the spring Annual Enrollment period. These plans, and the UniCare State Indemnity Plan/Medicare Extension (OME) Plan effective January 1, 2016, automatically include Medicare Part D prescription drug benefits.

The calendar year deductible for **Non-Medicare retiree/survivor** health plans will increase effective July 1, 2015. The deductible will transition to a fiscal year to make it easier for members to change health plan carriers at Annual Enrollment. The carryover provision of October – December has been eliminated.

Deductible Questions and Answers

Q *What is a deductible?*

A All GIC **Non-Medicare Retiree/Survivor** health plans include a deductible. This is a fixed dollar amount you must pay each year before your health plan begins paying benefits for you or your covered dependent(s). This is a separate charge from any copays.

Q *How much is the in-network 2015 calendar year deductible?*

A The deductible will increase effective July 1, 2015 to \$300, up to a maximum of \$900 per family.

Here is how it works for each coverage level:

- **Individual:** The individual has a \$300 deductible before benefits begin.
- **Two-person family:** Each person must satisfy a \$300 deductible.
- **Three- or more person family:** The maximum each person must satisfy is \$300 until the family as a whole reaches the new \$900 maximum.

If you are in a POS or PPO-type plan, there is an additional out-of-network deductible of \$400 per member, up to a maximum of \$800 per family; this is a separate charge from the in-network deductible.

Q *I've already satisfied my calendar year deductible; will I need to pay more toward my deductible in 2015?*

A Yes. If you already paid \$250 for your individual calendar year deductible, you will be subject to another \$50 for the rest of the 2015 calendar year. Two-person families and families of three or more people that have met their deductible may incur an additional \$100 or \$150, respectively.

The calendar year deductible will transition to a fiscal year deductible next year to make it easier to change health plan carriers at Annual Enrollment. Here's how this will work:

For Calendar Year 2015:

The deductible will remain on a calendar year.

For January – June 2016, there will be a half-year deductible:

- **Individual:** The individual will have a \$150 deductible before benefits begin.
- **Two-person family:** Each person must satisfy a \$150 deductible.
- **Three- or more person family:** The maximum each person must satisfy is \$150 until the family as a whole reaches the six-month \$450 maximum.

Effective July 1, 2016: the deductible year will run July 1, 2016 – June 30, 2017.

Q *If I change health plans during this 2015-2016 Annual Enrollment, am I subject to another deductible?*

A **You will not be subject to a new deductible if:**
You stay with the same health plan carrier but switch to one of its other options.

You will be subject to a new deductible this annual enrollment only if:

You choose a different GIC health plan carrier.

NON-MEDICARE DEDUCTIBLE CHANGES AND QUESTIONS & ANSWERS

Q *Will the deductible-related charges that I incur in October – December 2015 be applied toward my half-year calendar year deductible that begins January 1, 2016?*

A No. The carryover provision has been eliminated.

Q *Which health care services are subject to the deductible?*

A The lists below summarize expenses that generally are and are not subject to the annual deductible. These are not exhaustive lists. You should check with your health plan for details. As with all benefits, ***variations in the guidelines below may occur, depending upon individual patient circumstances and a plan's schedule of benefits.***

Examples of in-network expenses ***generally exempt*** from the deductible:

- Prescription drug benefits
- Outpatient mental health/substance abuse benefits
- Office visits (primary care physician, specialist, retail clinics, preventive care, maternity and well baby care, routine eye exam, occupational therapy, physical therapy, chiropractic care and speech therapy)
- Medically necessary child and adult immunizations
- Medically necessary wigs
- Hearing aids
- Mammograms
- Pap smears
- EKGs

Examples of in-network expenses ***generally subject to*** the deductible:

- Emergency room visits
- Inpatient hospitalization
- Surgery
- Laboratory and blood tests
- X-rays and radiology (including high-tech imaging such as MRI, PET and CT scans)
- Durable medical equipment

Q *How will I know how much I need to pay out of pocket?*

A Upon request, plans are required to tell you before you incur charges the amount you will be required to pay. Call your plan or visit their website to get this information.

When you visit a doctor or hospital, the provider should ask you for your copay upfront. After you receive services, your health plan may provide you with an Explanation of Benefits, or you can call your plan to find out which additional portion of the costs you will be responsible for. The provider will then bill you for any balance owed.

PRESCRIPTION DRUG BENEFITS

Drug Copayments

All GIC health plans provide benefits for prescription drugs using a three-tier copayment structure in which your copayments vary, depending on the drug dispensed. Contact the plans you are considering with questions about your specific medications.

TIER 1: You pay the *lowest* copayment. This tier is primarily made up of generic drugs, although some brand name drugs may be included. Generic drugs have the same active ingredients in the same strength as their brand name counterparts. Brand name drugs are almost always significantly more expensive than generics.

TIER 2: You pay the *mid-level* copayment. This tier is primarily made up of brand name drugs, selected based on reviews of the relative safety, effectiveness and cost of the many brand name drugs on the market. Some generics may also be included.

TIER 3: You pay the *highest* copayment. This tier is primarily made up of brand name drugs not included in Tiers 1 or 2. Generic or brand name alternatives for Tier 3 drugs may be available in Tiers 1 or 2.

Tip for Reducing Your Prescription Drug Costs

Use Mail Order: Are you taking prescription drugs for a long-term condition, such as asthma, high blood pressure, or high cholesterol? Switch your prescription from a retail pharmacy to mail order. It can save you money – \$5-\$30 for three months of medication, depending on the tier. *See the at-a-glance charts on pages 16-19 for copay details.* Once you begin mail order, you can conveniently order refills by phone or online. Contact your plan for details.

Prescription Drug Programs

Some GIC plans have the following programs to encourage the use of safe, effective and less costly prescription drugs. Contact the plans you are considering to find out details about these programs:

- **Mandatory Generics** – When filling a prescription for a brand name drug for which there is a generic equivalent, you will be responsible for the cost difference between the brand name drug and the generic, *plus* the generic copay.
- **Step Therapy** – This program requires enrollees to try effective, less costly drugs before more expensive alternatives will be covered.
- **Maintenance Drug Pharmacy Selection** – If you receive 30-day supplies of your maintenance drugs at a retail pharmacy, you must call your prescription drug plan to tell them whether or not you wish to change to 90-day supplies through either mail order or certain retail pharmacies.

- **Specialty Drug Pharmacies** – If you are prescribed injected or infused specialty drugs, you may need to use a specialized pharmacy which can provide you with 24-hour clinical support, education and side effect management. Medications are delivered to your home or doctor's office.

Medicare Part D Prescription Drug Reminders and Warnings

For most GIC Medicare enrollees, the drug coverage you currently have through your GIC health plan is a *better* value than a basic Medicare Part D drug plan. Therefore, most individuals should **not** enroll in an individual federal Medicare drug plan.

- A "Notice of Creditable Coverage" is in your plan handbook. It provides proof that you have comparable or better coverage than Medicare Part D. If you should later enroll in a Medicare drug plan because of changed circumstances, you must show the Notice of Creditable Coverage to the Social Security Administration to avoid paying a penalty. Keep this notice with your important papers.
- If you are a member of Harvard Medicare Enhance, Health New England MedPlus or Tufts Medicare Complement and have extremely limited income and assets, contact the Social Security Administration to find out about subsidized Part D coverage. If you are eligible, you may want to enroll in one of the GIC's Medicare Part D Plans (Fallon Senior Plan, Tufts Medicare Preferred, and, in January, UniCare State Indemnity Plan/Medicare Extension).
- If you are a member of one of our Medicare Advantage plans (Fallon Senior Plan and Tufts Health Plan Medicare Preferred), or the UniCare State Indemnity Plan/Medicare Extension (OME) effective January 1, 2016, your plan automatically includes or will include Medicare Part D coverage. If you enroll in another Medicare Part D drug plan, the Centers for Medicare & Medicaid Services will automatically dis-enroll you from your GIC Medicare Advantage health plan, which means **you will no longer have a Medicare plan through the GIC.**

UniCare Prescription Drug Formulary and Prior Authorization Change Effective July 1, 2015

To control escalating prescription drug costs, the GIC is moving to a new formulary for all UniCare members. Certain high-cost drugs with lower-cost alternatives will only be covered based on medical necessity. Prior authorization will be required. For additional details, contact CVS/caremark.

NON-MEDICARE HEALTH PLAN LOCATOR MAP

Where You Live Determines Which Plan You May Enroll In.
Is the NON-MEDICARE Health Plan Available Where You Live?

The UniCare State Indemnity Plan/Basic is the only *Non-Medicare* health plan offered by the GIC that is available throughout the United States and outside of the country.

* Not every city and town is covered in this county or state; contact the plan to find out if you live in the service area. The plan also has a limited network of providers in this county or state; contact the plan to find out which doctors and hospitals participate in the plan.

Non-Medicare Retirees and Survivors: Consider Enrolling in a Limited Network Plan to Save Money Every Month on Your Premiums!

Limited network plans help address differences in provider costs. You will enjoy **the same benefits** as the wider network plans, but will save money because limited network plans have a smaller network of providers (fewer doctors and hospitals). Your savings depend on:

- The plan you are switching from,
- The plan you select,
- Your premium contribution percentage, and
- Whether you have individual or family coverage.

For example, if you pay 20% of the premium and have individual coverage, by enrolling in a limited network plan instead of a wide network plan, you will **save, on average, \$40 per month and \$480 per year.**

See pages 27 and 29 to determine what the savings would be for the plans you are considering.

Find out if your hospital is in a GIC limited network plan

The GIC has a side-by-side comparison of the six limited network plans and their participating hospitals on our website: www.mass.gov/gic/limitedplans

For participating physician and other provider details, contact the individual plans by phone or visit their website (*see page 36*).

Limited Network Plan

The GIC's limited network plans are:

- **Fallon Health Direct Care** – an HMO available throughout central Massachusetts, Metro West, Middlesex County, the North Shore and the South Shore. The plan includes 28 area hospitals and another six “Peace of Mind” hospitals in Boston that provide second opinions and care for very complex cases.
- **Harvard Pilgrim Primary Choice Plan** – an HMO with a network of 55 hospitals. The plan is available throughout Massachusetts, except for Cape Cod, Martha’s Vineyard, Nantucket, and parts of Berkshire County.
- **Health New England** – a western and central Massachusetts-based HMO that includes 20 Massachusetts hospitals.
- **NHP Prime (Neighborhood Health Plan)** – an HMO with a provider network that includes community health centers, independent medical groups and hospital group practices, as well as 56 hospitals. NHP Prime is available across most of the state except for Berkshire, Franklin, and Hampshire Counties.
- **Tufts Health Plan Spirit** – an EPO (HMO-type) plan with a network of 54 hospitals. The plan is available throughout Massachusetts, except for Martha’s Vineyard, Nantucket and parts of Berkshire and Hampshire Counties.
- **UniCare State Indemnity Plan/Community Choice** – a PPO-type plan with a network of 55 hospitals. All Massachusetts physicians participate. The plan is available throughout Massachusetts, except for Martha’s Vineyard and Nantucket.

Your Responsibility Before You Enroll in a Plan

- **Once you choose a plan, you cannot change health plans during the year**, unless you move out of the plan’s service area. If your doctor or hospital leaves your health plan, you must find a new participating provider in your chosen plan.
- Check if your doctors participate in the plan.
- Find out if the doctors’ affiliated hospitals are in the plan.
- **Keep in Mind:** Doctors and hospitals can leave a plan during the year, usually because of health plan and provider contract issues, practice mergers, retirement or relocation.

Fallon Health Direct Care HMO

Fallon Health Direct Care is an HMO that provides coverage through the plan's network of doctors, hospitals and other providers. Members must select a Primary Care Provider (PCP) to manage their care and obtain referrals to specialists. The plan offers a selective network based in a geographically concentrated area.

Contact the plan to see if your doctors and hospitals are in the network. There are no out-of-network benefits, with the exception of emergency care.

Specialist Tiering

Effective July 1, 2015, Fallon Health Direct Care will tier the following specialists based on quality and/or cost efficiency: Allergists/Immunologists, Cardiologists, Endocrinologists, Gastroenterologists, Hematologists/Oncologists, Nephrologists, Neurologists, Obstetricians/Gynecologists, Orthopedists, Otolaryngologists (ENTs), Podiatrists, Pulmonologists, Rheumatologists, and Urologists. LIFE INSURANCE AND AD&D

Life insurance, insured by The Hartford Life and Accident Insurance Company, helps provide for your family's economic well-being in the event of your death. This benefit is paid to your designated beneficiaries.

GIC Retired Municipal Teachers (RMTs) are eligible for basic life insurance only in an amount determined by the city or town from which they retire. *See page 28 for details.*

Survivors, Elderly Governmental Retirees (EGRs), COBRA enrollees, and retirees in the GIC municipal health-only program are not eligible for GIC basic or optional life insurance.

Basic Life Insurance

(Retired State Employees Only)

The Commonwealth requires \$5,000 of Basic Life Insurance for most retirees who have health coverage through the GIC.

Optional Life Insurance After Retirement

(Retired State Employees Only)

At retirement, you should review the amount of your Optional Life Insurance coverage and its cost to determine whether it will make economic sense for you to keep it or reduce your amount of coverage. Talk with a financial advisor about other programs that might be more beneficial at retirement. If you make no change to your optional life coverage at retirement, you will be responsible for the retiree optional life insurance premium, which can be substantial. Optional Life Insurance rates significantly increase when you retire, and continue to increase based on your age. If you have paid off your home and other debts, such as student loans, a financial advisor might recommend other programs that might be more beneficial. You may decrease but cannot increase your amount of life insurance after you retire. If you decrease coverage and then later want to increase up to the amount you carried at the time of retirement, you may do so only with proof of good health acceptable to The Hartford.

Optional Life Insurance Non-Smoker Benefit

(Retired State Employees Only)

During annual enrollment, retired state employees who have been tobacco-free (have not smoked cigarettes, cigars or a pipe nor used snuff, chewing tobacco or a nicotine delivery system) for at least the past 12 months are eligible for reduced non-smoker Optional Life Insurance rates effective July 1, 2015. Request an enrollment form by writing to the GIC, visiting us at a health fair, or downloading it from our website. You will be required to periodically re-certify your non-smoking status in order to qualify for the lower rates.

Accelerated Life Benefit

(Retired State Employees and GIC RMTs Only)

This one-time benefit allows you to elect an advance payment of 25% to 75% of your life insurance death benefit if you have been diagnosed with a terminal illness. Insured retirees are eligible for this benefit if the attending physician provides satisfactory evidence that you have a life expectancy of 12 months or less. Upon payment of the accelerated life benefit, future life insurance premiums will be waived regardless of your age. The remaining balance is paid to your beneficiary when you die.

RETIREE DENTAL AND VISION

GIC Retiree Dental Plan

Metropolitan Life Insurance Company (MetLife) is the provider of the GIC Retiree Dental Plan. The plan offers a fixed reimbursement of up to \$1,250 per member per year for dental services:

- Dental examinations
- Dental cleanings
- Fillings
- Crowns
- Dentures
- Dental implants

Benefit Enhancement Effective July 1, 2015:

- Composite fillings on posterior teeth

As a member of this plan, you may go to the dentist of your choice. However, you will save money by visiting one of the over 293,000 nationwide network of participating dentists. When you visit a MetLife provider, your out-of-pocket expenses will be lower, as you usually pay the lower negotiated fee, even after you have exceeded your annual maximum.

This is an entirely voluntary plan (*retiree-pay-all*) that provides GIC members with coverage at discounted group insurance rates through convenient pension deductions.

GIC Retiree Vision Discount Plan

Davis Vision is the carrier for the Retiree Vision Discount Plan. The plan is available at any of the over 30,500 nationwide Davis Vision providers. The plan offers significant discounts on:

- Eye examinations;
- Frames;
- Spectacles; and
- Contact lenses.

All eyeglasses purchased through the Retiree Vision Discount Plan are covered by a two-year unconditional warranty against breakage at no additional cost. There is no monthly premium or fee to use the program; you pay for the services at the discounted price when they are needed. However, you must call Davis Vision before visiting the provider's office in order to participate.

HEALTH INSURANCE BUY-OUT

If you have access to non-GIC health insurance through your spouse or another source, it may pay to participate in the buy-out program.

During Annual Enrollment

If you were insured with the GIC on January 1, 2015 or before and continue your coverage through June 30, 2015, you may apply to buy out your health plan coverage **effective July 1, 2015**, during annual enrollment.

October 5 – November 6, 2015

If you are insured with the GIC on July 1, 2015 or before, and continue your coverage through December 31, 2015, you may apply to buy out your health plan coverage **effective January 1, 2016**. The enrollment period for this buy-out will be October 5 - November 6, 2015.

You must have other non-GIC health insurance coverage that is comparable to the health insurance you now receive through the Group Insurance Commission and must maintain basic life insurance. Under the buy-out plan, eligible state retirees receive 25% of the full-cost monthly premium in lieu of health insurance benefits for one 12-month period. You will receive a monthly check. The amount of payment depends on your health plan and coverage.

GLOSSARY

Centered Care – a GIC program that seeks to improve health care coordination and quality while reducing costs. Primary Care Providers play a critical role in helping their patients get the right care at the right place with the right provider. The central idea is to coordinate health care services around the needs of you, the patient. Because health care is so expensive, Centered Care also seeks to engage providers and health plans on managing these dollars more efficiently.

CIC (Catastrophic Illness Coverage) – an optional part of the UniCare State Indemnity Plan/Basic and Medicare Extension (OME) plans. CIC increases the benefits for most covered services to 100%, subject to deductibles and copayments. It is a Commonwealth of Massachusetts enrollee-pay-all benefit. Enrollees without CIC receive only 80% coverage for some services and pay higher deductibles. Over 99% of current Indemnity Plan Basic and Medicare Extension Plan members select CIC.

COBRA (Consolidated Omnibus Budget Reconciliation Act) – a federal law that allows enrollees to continue their health coverage for a limited period of time after their group coverage ends as the result of certain employment or life event changes.

CPI (Clinical Performance Improvement) Initiative – a GIC program which seeks to improve health care quality while containing costs for the Commonwealth and our members. Claims data from all six GIC health carriers are aggregated to identify differences in physician quality and cost efficiency, and this information is given back to the plans to tier specialists. Members who choose to see high-performing doctors pay lower copays.

Deductible – a set dollar amount which must be satisfied within a calendar year before the health plan begins making payments on claims.

Deferred Retirement – allows you to continue your group health insurance after you leave state service with vested pension rights until you begin to collect a pension. Until you receive a retirement allowance, you will be responsible for the entire life and health insurance premium costs, for which you are billed directly. If you withdraw your pension money, you are not eligible for GIC coverage.

EAP (Enrollee Assistance Program) – mental health services that include help for depression, marital issues, family problems, alcohol and drug abuse, and grief. Also includes referral services for legal, financial, family mediation, and elder care assistance.

EGR (Elderly Governmental Retiree) – a state employee who retired from state service prior to January 1, 1956. EGRs also include certain municipal employees who retired prior to the date their city or town elected to provide health insurance benefits to their employees/retirees and whose municipality has elected to participate in the EGR program.

EGWP (Employer Group Waiver Plan) – an employer-provided Medicare Part D prescription drug plan. Effective January 1, 2016, members of the UniCare State Indemnity/Medicare Extension (OME) Plan will be automatically enrolled in an EGWP. Due to the additional coverage provided by the GIC, under EGWP, you have similar coverage to Non-Medicare plan retirees, better coverage than offered by a standard Medicare prescription drug plan, and low-income retirees may be eligible for subsidies and reduced copayments.

EPO (Exclusive Provider Organization) – a health plan that provides coverage for treatment by a network of doctors, hospitals and other health care providers within a certain geographic area. EPOs do not offer out-of-network benefits, with the exception of emergency care. Selection of a Primary Care Provider (PCP) is encouraged.

GIC (Group Insurance Commission) – a quasi-independent state agency governed by a 17-member commission appointed by the Governor. The mission of the GIC is to provide high-value health insurance and certain other benefits to state, particular authority, and participating municipality employees, retirees, and their survivors and dependents.

HMO (Health Maintenance Organization) – a health plan that provides coverage for treatment by a network of doctors, hospitals and other health care providers within a certain geographic area. HMOs do not offer out-of-network benefits, with the exception of emergency care. Selection of a Primary Care Provider (PCP) is required.

Limited Network Plan – a less expensive health plan that offers essentially the same benefits as more expensive, wider network plans, but with fewer physicians, hospitals, and other providers.

Networks – groups of doctors, hospitals and other health care providers that contract with a benefit plan. If you are in a plan that offers both network and non-network coverage, you will receive a higher level of benefits when you are treated by network providers.

PCP (Primary Care Provider) – physicians with specialties in internal medicine, family practice, and pediatrics as well as nurse practitioners and physician assistants who coordinate their patients' health care.

POS (Point of Service) – a health plan that provides coverage for treatment by a network of doctors, hospitals and other health care providers. Selection of a Primary Care Provider (PCP) is required. To get the lowest out-of-pocket cost, a member must get a referral to a specialist.

PPO (Preferred Provider Organization) – a health plan that provides coverage by network doctors, hospitals, and other health care providers. It allows treatment by out-of-network providers, but at a lower level of coverage. A PPO plan encourages the selection of a Primary Care Provider (PCP).

Preventive Services – health care services that do not treat an illness, injury or a condition (e.g., routine physicals).

RMT (GIC Retired Municipal Teacher) – a retired teacher from a city, town or school district who is receiving a pension from the Teacher's Retirement Board and whose municipality has elected to participate in the GIC RMT program.

Retired teachers who transfer to municipal coverage as part of the municipality joining the GIC are no longer GIC RMTs.

39-Week Layoff Coverage – allows laid-off employees to continue their group health and life insurance for up to 39 weeks (about 9 months) by paying the full cost of the premium.
