HEALTH INSURANCE

At UMass Medical School we are passionate about quality health care. We believe it takes the best people to provide the best care – and that our employees deserve nothing less.

When each of us becomes healthier, we grow stronger as an institution. That means our health care benefits need to provide a balance between care when you're sick and access to resources and providers that help you stay well. We also understand that our employees have a variety of health care needs; and there’s no single solution to meet the needs of all our employees.

For this reason, UMass Medical School offers its eligible employees a broad range of quality health insurance plan options that focus on wellness, prevention and access to top rated health care facilities and physicians. In addition to dental, vision, and other benefits plans, choosing your health insurance plan is an important decision that impacts you and your family for the whole year. Use the information in this Benefits At-a-Glance to get an overview of your insurance plan options – so you can choose what’s best for you.

Choosing the Best Health Insurance Plan
FOR YOU AND YOUR FAMILY

As you review the health insurance plan options available to you and your family, there are a number of things to consider. Follow these steps to help determine the right plan for you:

STEP 1: Your location.
Where you live determines the health insurance plan options available to you. Review the map in this Benefits At-a-Glance to determine which plans are available in your service area.

STEP 2: Compile a list of your doctors, hospitals and frequently taken medications.
Be sure to include the same information for every family member you cover.

STEP 3: Determine whether your physicians and facilities are in the network.
If you have a physician or facility that you'd like to continue to use, be sure to find out if they are included in the plan network and identify their quality/cost tier assignment. Keep in mind that if your physician or facility leaves your health insurance plan's network during the year, you must stay in the plan for the year. You can change to another plan during the next Open Enrollment. In the meantime, the health insurance plan will help you find another provider.

STEP 4: Costs.
How much are you willing to pay for health care? In addition to your payroll contributions (premium payments), you'll want to consider your other out-of-pocket costs, such as coinsurance.

Limited network plans help address differences in provider costs. You will enjoy the same benefits as the wider network plans, but will save money because limited network plans have a smaller network of providers (fewer doctors and hospitals).

STEP 5: Choose the plan best suited for your unique circumstances.
UMass Medical School, through the GIC, offers a variety of plan options to meet a variety of needs. The best health plan for you will depend on your individual needs and preferences. So, it's important to understand how each plan works and what is most important to you.

IMPORTANT NOTES

» Check with your carrier to see if your provider is still in the network or if copays have changed. See Health Insurance Plan chart for carrier contact information.

» Integration of Medical and Behavioral Health Benefits is through your health insurance carrier.

» You will pay lower copays for providers with the highest quality and/or cost-efficiency scores (based on specific criteria and national and industry standards):
  ➔ Tier 1 (excellent) ➔ Tier 2 (good) ➔ Tier 3 (standard)

» Physicians for whom there is not enough data and non-tiered specialists are assigned a plan's Tier 2 level.

» Keep in mind that if you change plans (i.e., change to a new plan carrier) you will incur a new deductible.

For complete plan details, view the 2020-2021 GIC Benefit Decision Guide on the UMMS Benefits website at umassmed.edu/hr/benefits or go to GIC’s website at mass.gov/gic.
SUMMARY OF BENEFITS

The Summary of Benefits to the right gives you a snapshot of primary features of each health insurance plan. Before making your final decision, you should review the plan documents or contact the health insurance plan you are considering to learn more about:

- Information on other health insurance plan benefits that are not described in this Summary of Benefits;
- Whether your physicians and facilities are in the network; and
- Which copay tiers your physicians and facilities are in.

“Same Benefits for All Plans” is just that – these plan features are the same in all plans so there is no need to factor them in when determining the right plan for you.

¹ UMass Memorial’s current Physician and Hospital agreement with AllWays Health Partner Complete expires on December 31, 2020 and we cannot confirm at this time whether UMass Memorial providers will continue their participation with AllWays Health Partner Complete beyond 2020.

² Limited network plans help address differences in provider costs. You will enjoy the same benefits as the wider network plans, but will save money because limited network plans have a smaller network of providers (fewer doctors and hospitals).

³ Out-of-pocket maximums apply to medical and behavioral health benefits across all health insurance products. Prescription drug (Rx) benefits are included in the out-of-pocket maximums for all health insurance products.

⁴ $15 per visit for Centered Care PCP.

⁵ Comprehensive. Without CIC, deductibles are higher and coverage is only 80% for some services. Out-of-network benefits – This plan determines allowed amounts for out-of-state providers; you may be responsible for a portion of the total charge. Use UniCare’s national network of providers to avoid these charges.

FSA AND CHILD CARE ASSISTANCE PROGRAM

Flexible Spending Accounts
UMMS offers two Flexible Spending Accounts – a Health Care Spending Account (HCSA) and a Dependent Care Assistance Program (DCAP).

A Flexible Spending Account is a special account that allows you to set aside money to pay for certain out-of-pocket health care costs. Flexible Spending Accounts (FSAs) help you save money, too, by providing a way to pay for certain everyday health or dependent care expenses on a tax-free basis. Anyone who has predictable out-of-pocket medical, dental, vision or dependent care expenses should consider an FSA.

The Health Care Spending Account (HCSA) lets you pay for eligible medical, dental and vision care expenses such as deductibles, copays, coinsurance amounts, prescription drugs and other charges not covered or fully reimbursed under a medical, dental or vision plan. You may contribute between $250 and $2,750 to your HCSA each year.

The Dependent Care Assistance Program (DCAP) allows you to pay for qualified expenses incurred for custodial dependents (children under age 13) or elder care expenses you incur while you and your spouse work or search for work. You may contribute any amount up to $5,000 per household to your DCAP each plan year ($2,500 if married but filing separate tax returns). Under IRS guidelines, you can only be reimbursed for dependent care that has already taken place and up to the amount you have already contributed to your DCAP.

For complete plan details, view the Flexible Spending Accounts Section available on the UMMS Benefits website at umassmed.edu/hr/benefits/flexible-spending-accounts.

Child Care Assistance Program

The UMMS Child Care Assistance Program helps to make child care for children in pre-kindergarten or younger affordable for non-union UMMS employees. The Child Care Assistance Program pays a portion of child care expenses for licensed day care centers and in family child care homes.

The amount of assistance that the program provides is determined by your adjusted gross family income.

Applications to participate in the program are only accepted during the annual Open Enrollment period (April/May), with the program beginning July 1. The Child Care Assistance Program is administered by Crosby Benefit Systems, a division of WageWorks. Crosby will work with you during the enrollment period, answering questions on eligibility, the payment process, etc.

You may participate in both the Child Care Assistance Program AND the Dependent Care Assistance Program (DCAP). However, IRS limits the total amount of dependent care assistance per household to $5,000 each year.

For complete plan details, view the Child Care Assistance Section available on the UMMS Benefits website at umassmed.edu/hr/benefits/child-care-assistance.

You can save up to 30% on eligible out-of-pocket health and dependent care costs by enrolling in a Flexible Spending Account (FSA). You must re-enroll in your health care or dependent care FSA every year.

Mandatory Retirement Plans

Building financial security for the future is essential to ensure that you can live comfortably when you retire. As a UMMS employee, you are required to participate in either the Massachusetts State Employees’ Retirement System (MSERS) or the Optional Retirement Program (ORP). Regardless of which plan you choose, you contribute 9% of your salary (up to 64% of the IRS compensation limit) and an additional 2% of your salary in excess of $30,000. Participation in a plan is mandatory and contributions are tax-deferred.

Please note: For both MSERS and ORP, these contributions are in lieu of Social Security contributions. This may impact your future Social Security benefits.

Massachusetts State Employees’ Retirement System (MSERS)
The MSERS is a Defined Benefit Plan designed to provide you with a monthly income based on your age, salary and service at the time you retire. You contribute 9% of your whole salary (up to 64% of IRS compensation limit) and an additional 2% on your salary above $30,000. You are vested in the MSERS plan when you have attained 10 years of full-time creditable service.

For complete plan details, view the MSERS Section available on the UMMS Benefits website at umassmed.edu/hr/benefits/retirement-plans/msers.

Optional Retirement Program (ORP)
Professional employees (non-unit professionals and NAGE professionals) are also eligible for the Optional Retirement Program (ORP), an alternative to the Massachusetts State Employees’ Retirement System (MSERS). Eligible employees will receive a Notice of Eligibility and information at time of hire.

The ORP is a Defined Contribution Plan, where benefits are determined by the total balance of your ORP account when you draw benefits from the plan. Employees have a choice of investment options through Fidelity, TIAA and VALIC and all contributions are 100% vested. Employees also receive an employer match of 5%.

For complete plan details, view the ORP Section available on the UMMS Benefits website at umassmed.edu/hr/benefits/retirement-plans/mandatory-retirement-plans/orp.

New hires are defaulted into MSERS and must actively elect ORP by completing and submitting the ORP enrollment forms, if desired.

Voluntary Retirement Savings Plans

UMass Medical School offers two voluntary retirement savings plan options – the University 403(b) Plan and the 457(b) Plan/MA SMART Plan.

403(b) Plan
As a UMMS employee, the 403(b) Plan allows you to voluntarily defer a portion of your income on a pre-tax basis, up to IRS limits. The 403(b) Plan also offers a Roth option. For 2020, if you are under age 50, you may defer $19,500 to the 403(b) Plan; if you are age 50 or older, your deferral limit is $26,000. You will have over 25 investment options through Fidelity, TIAA and other investment providers, including a self-directed brokerage window, where the earnings on your money will grow tax deferred.

To start deferrals, first-time users will need to set up a 403(b) account. Once registered, you will be able to start biweekly payroll deductions and choose an investment lineup.

For complete plan details, view the 403(b) Plan Section available on the UMMS Benefits website at umassmed.edu/hr/benefits/retirement-plans/403b-plan.

457(b) Plan/MA SMART Plan
Offered through Empower Retirement, the 457(b) Plan is a voluntary deferred compensation plan where you may defer up to the IRS limits of $19,500 if you are under age 50, and up to $26,000 if you are age 50 or older.

The 457(b) Plan/MA SMART Plan also has a Roth option which allows you to contribute after-tax dollars so your earnings and distributions will be non-taxable. Distributions must occur after age 59 ½, or upon disability or death, and no earlier than five (5) tax years after your first Roth 457(b) contribution.

For complete plan details, view the 457(b)/MA SMART Plan Section available on the UMMS Benefits website at umassmed.edu/hr/benefits/retirement-plans/voluntary-retirement-plans/457b-planma-smart-plan.
ADDITIONAL BENEFITS

Sick Leave Bank

The Sick Leave Bank (SLB) program is designed to help eligible employees with a source of income between accrued Time Off and when Long Term Disability benefits begin. As a New Hire, you may enroll in the SLB program after one year of employment and the attainment of one week of sick time (pro-rated for part-time service).

An employee donates 16 hours (two days) of sick time to the Sick Leave Bank. Although you must be a member for 6 months prior to using the bank, the SLB will pay up to a maximum of 12 work weeks. There is no financial cost to joining yet the benefit potential is significant!
