Adobe Connect Pro allows you to

- Host live web events and training.
- Share presentations and multimedia from your desktop and get immediate feedback from meeting participants.
- Create self-paced courses and deliver media-rich live virtual classroom sessions.
- Record meetings for viewing at a later time.
- Track progress of individual participants.

All your participants require is a web browser and the Adobe Flash® Player.

**Participant Requirements**

- **Windows:** Intel® Pentium® II 450MHz or faster processor or equivalent (1GHz recommended when screen sharing)
- **Mac OS:** PowerPC G3 500MHz or faster or Intel Core™ Duo 1.83GHz or faster processor
- **128MB of RAM**
- **Adobe Flash® Player**
- **Internet access at 56K or above (for best results do not use wireless)**
  - For complete list of supported OS and browsers see [http://www.adobe.com/products/acrobatconnectpro/systemreqs/#role01](http://www.adobe.com/products/acrobatconnectpro/systemreqs/#role01)
- **Headset or speakers**
- **Microphone for speaking (optional)**
- **Participants should test their system prior to attending a meeting at** [http://onlinetraining.umassmed.edu/common/help/en/support/meeting_test.htm](http://onlinetraining.umassmed.edu/common/help/en/support/meeting_test.htm)

**Training and Support**

Free, online training and documentation is available from the

- Adobe Connect Pro User Community: [http://www.connectusers.com](http://www.connectusers.com)

Technical support is available from Adobe Support ([http://www.adobe.com/support/connect](http://www.adobe.com/support/connect)) as well as the IS Training Group staff.

**Setting Up a Connect Meeting Room**

Contact the UMW Help Desk to request access to the Adobe Connect server ([umwhelpdesk@umassmed.edu](mailto:umwhelpdesk@umassmed.edu)).
