Selecting or Changing Programs
www.e-Value.net

Selecting a program can be done when you login to E*Value or when you are in one program and wish to change to another to which you have been granted access.

Selecting a Program at Login

1. After you provide login and password you see the Program Selection screen. Click on the program you want to select, and then click Continue Login.

Select a Program from another Program

1. If you are in one program (or entered a program via email) you can access another program by clicking on the Program listed in the top left Navigation bar which will bring up the Program Selection screen.

2. Click on the program you want to select, and then click Continue Login.
