5. If requested, enter the **meeting password** provided by your meeting organizer.
   
   You will be entered into the meeting and the Attendee Control Panel and GoToMeeting Viewer Window will appear.

**GoToMeeting Conference Call Service**

How you join the audio portion of a GoToMeeting session is determined by the organizer. An organizer can select whether attendees may join the audio portion via telephone, Voice over Internet Protocol (VoIP) or both. The conference call information is provided in the meeting invitation.

If the organizer has given attendees a choice in how to join the audio portion, you will see that option in your Attendee Control Panel once you join the meeting.

**VoIP Best Practices**

Audio quality can vary based on your audio software/hardware manufacturer as well as your operating system. When using VoIP, the following best practices are recommended:

- For optimum sound quality, a headset is recommended, preferably a USB headset for ease of use.
- If a headset is not available, a microphone and speakers are required, preferably a USB microphone for ease of use.
- If using a microphone, it should be a distance of at least 1.5 feet away from any speakers that are built into or connected to your PC.
- The use of a Webcam microphone is not recommended.

**TELEPHONE AUDIO COMMANDS**

To join the audio portion of the meeting

Once you have joined the online portion of the meeting, audio information is provided in the Audio pane of your Control Panel.

If the organizer has given attendees a choice in how to join the audio portion of the meeting, you can select your preference in the Audio pane of your Control Panel. By default, you will be joined into the meeting unmuted.

Note: If you choose to join via VoIP, you will need speakers to listen to the meeting and a microphone to speak.

To switch audio formats during a meeting

If the organizer has given attendees a choice in how to join the audio portion of the meeting, you can switch between using VoIP (Mic & Speakers) or your telephone. In the Audio pane at Audio Mode: click either Use Telephone or Use Mic & Speakers.

Note: If you choose to join via VoIP, you will need speakers to listen to the meeting and a microphone to speak.
