Use this form to receive TRAC approval of the proposed dissertation timeline.

Instructions for TRAC Chair

Please complete the section below

Note: The TRAC chair may defer approval until specific benchmarks are met (for example, until a paper is submitted or accepted, until specified result(s) are verified). If approval is deferred, the TRAC chair should complete the standard TRAC form (GSBS07) and clearly communicate the expectations for completion to the student.

The TRAC certifies that (check only those that apply):

☐ The committee is satisfied that the student’s publication record, including submitted manuscripts, is adequate for completion.

☐ The committee provided written feedback regarding modification to the thesis abstract and outline.

☐ The committee provided written feedback regarding modifications to the unpublished data.

☐ The committee is satisfied with the state of completion of experimental work, thus allowing the student to focus primarily on data analysis and dissertation preparation.
