Academic Appointments & Promotions @ UMass Chan Medical School

The Office of Faculty Affairs (OFA) was established to serve as a central resource for academic appointments and promotions for Lahey's leaders, educators, innovators, and scholars. Our goal is to guide each applicant to their successful appointment or promotion by providing individual consults, curriculum vitae reformatting & editing, narrative statement proofreading, and, per UMass Chan policy, letter of evaluation solicitation.

We aim to support the missions and values of Lahey, BILH, and UMass Chan Medical School by connecting the next generation of physicians, scientists & leaders with our exceptional and distinguished faculty.

The Learning Health System Approach

LIHDS: launched July 2025

Beth Israel Lahey Health 
Lahey Hospital & Medical Center

❖ INSTITUTE HEALTHCARE • DELIVERY SCIENCE

- Advancing Learning Health System
- Real-World Research
- Integrating Discovery, Operations, and Clinical Care

Allan Walkey, MD, Interim Director LIHDS
Chief Division HealthSystems Science, UMass Chan

Learning Health Systems

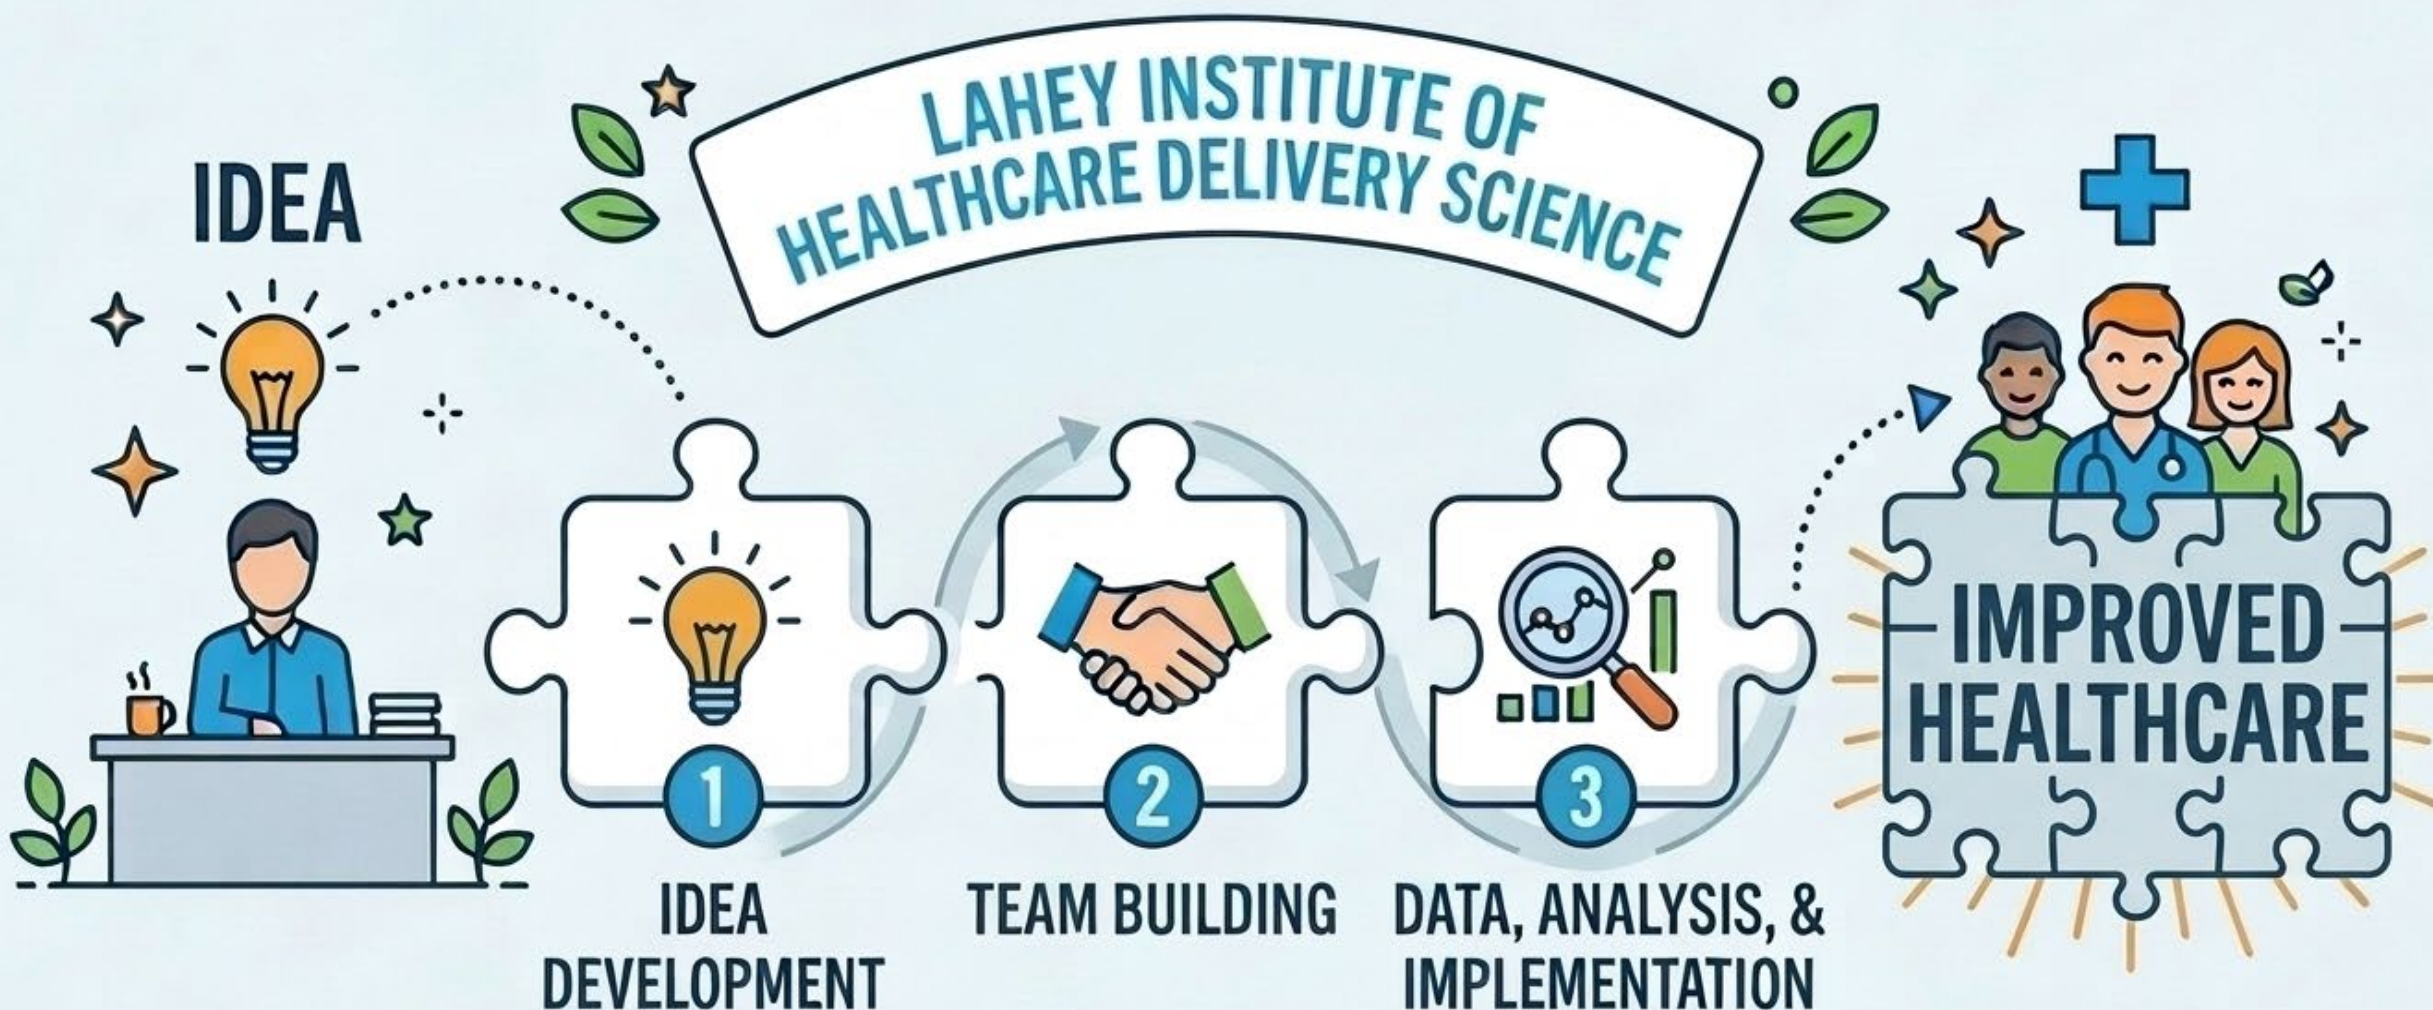

Systematically gather and
create evidence.

Apply the most promising evidence
to improve care.

Research Milestones

- **First Lahey KL2 Awarded – Learning Health Systems. focus**
 - **Dr Fraser Mackay**
- **First Learning Health System Scholars appointed:**
 - **Dr Brian Zhao,**
- **RFA for Learning Community Ideas – 18 submissions in review**

The Lahey Institute of Healthcare Delivery Science (LIHDS) is looking to partner with you to turn your ideas into actions that will make a positive impact on healthcare delivery in the areas of: **enhancing patient experience, reducing healthcare associated infections, improving care progression/transitions/flow, and/or patient safety**
