FIRST CLASS OF UMASS CHAN-LAHEY STUDENTS ARRIVE
Ribbon Cutting April 30th, 2024

UMass Chan-Lahey regional medical school campus prepared to welcome inaugural class

UMass Chan Medical School and Lahey Hospital & Medical Center, part of Beth Israel Lahey Health, celebrated the completion of the new UMass Chan-Lahey regional medical school campus with a ribbon-cutting ceremony on April 30. UMass Chan-Lahey will officially open its doors in August to approximately 25 medical school students accepted into the LEAD@Lahey track.
OUR LEARNING COMMUNITY

WALDEN HOUSE
HOME OF THE LEAD@LAHEY TRACK
STARTING SUMMER 2024

FROM ITS NOMINATION:
"Walden Pond is one of the most well known sanctuaries and is locally known for its beauty, clean water and surrounding forest. Henry David Thoreau, who resided there, was a leading naturalist, writer and abolitionist. In addition, his stance on civil disobedience was instrumental for important leaders including that of Martin Luther King. At the end of his book, Thoreau wrote, "If a man does not keep pace with his companions, perhaps it is because he hears a different drummer. Let him step to the music which he hears, however measured or far away." The LEAD@Lahey house will allow students to transform medicine through their ideas and passions that may step outside the normal path. They can learn to lead teams that can truly change medicine."
Lahey Greets Accepted Students

There was so much energy in the air as about 40 accepted students visited our Lahey campus earlier this month. The students were greeted by Dr. Susan Moffatt-Bruce, Dr. Wendy Barr, and Dr. David Neumeeyer, and other UMass Chan and Lahey leaders. Students toured the hospital with Lahey residents and fellows who are UMass alumni, and they had lunch with faculty of the LEAD@Lahey pathway. We also provided tours of the new campus space and students took part in a leadership workshop on finding your special purpose.

The visits went well (despite a snowstorm!) and it was great to see so much engagement and enthusiasm. An extra thank you to Billy Capel and Tom Westerberg for driving to and from Worcester to pick up and drop off the students and their families. I appreciate everyone’s help to make the events a success. We look forward to having many of these students choose Lahey for their medical training.
Inaugural class.. To date

Umass Chan Lahey Admissions Inaugural Class:

200 applications
120 interviews
62 acceptances + wait list

40 attended on campus visit and LEAD workshop!!

Faculty and Deans
Learning Community Mentors – WALDEN HOUSE

Fina Barouch, MD - Walden House Mentor
Dr. Fina Barouch grew up in Texas, received a Bachelor of Science from the University of Texas, and earned her MD magna cum laude from Harvard Medical School. She completed her internship at Massachusetts General Hospital, she completed a fellowship in ophthalmology at Harvard Medical School in Boston, MA. She also served as a faculty member at Massachusetts Eye & Ear Kennedy Institute.

Beth Lovell, MD - Walden House Mentor
Beth Starr Lovell was born and raised in Worcester, MA. She earned her BA in Language and Literature from Brandeis University and received her MD from the University of Rochester School of Medicine and received her residency in Emergency Medicine from the University of Rochester School of Medicine. She is affiliated with UMDNJ at the time of this writing.

Brian Rosenberg, MD - Walden House Mentor
Brian grew up on Long Island, NY. He attended The Johns Hopkins University, where he earned a BA in neuroscience, and completed a ScM in Biomedical Engineering at The Johns Hopkins School of Public Health. He completed his medical degree at The Johns Hopkins School of Medicine in Baltimore, Maryland. He and his wife Couples Matched at the University of Rochester School of Medicine, Liz in Orthopaedic Surgery. He completed his Chief Residency in General Internal Medicine. They moved to the Boston area in 2014.

Alan Lim, MD - Walden House Mentor
Dr. Alan Lim grew up in Philadelphia, PA, and received his medical degree from Franklin Marshall College. He earned his MD from the University of Rochester School of Medicine in Rochester, New York, completed his residency in Otolaryngology at Hartford Hospital in Hartford, Connecticut, and completed his fellowship in craniofacial and pediatric plastic surgery at St. Mary's Medical Center in Los Angeles.

Attendees Enjoy Education Grand Rounds and DRIVE Presentation

Our inaugural Lahey Education Grand Round Series event last month drew 82 in-person attendees, another 80 joined remotely, and still other have requested the recording. The session was led by Dr. Yasmin Carter, Associate Professor of Translational Anatomy in the UMass CI Department of Radiology and Director of DRIVE, the Diversity, Representation, and Inclusion for Value in Education Initiative.

Left to right: Omar Taweh, 4th year UMass medical student, Anne Mosenthal, Melissa Fischer, MD Assistant Vice Provost for Interprofessional and Instructional Innovation, Dr. Carter, Julia Benedetti, MD.
My intent is to promote inclusive learning while avoiding bias.

If you identify opportunities for addressing bias or improving representation in the course content or instructional delivery, I encourage you to share them with either:

- Anne Mosenthal, anne.c.mosenthal@lahey.org
- Contact the DRIVE Initiative at DRIVE@umassmed.edu or scan the QR code to send feedback confidentially to DRIVE

I commit to apply the DRIVE goals
Research
UMass Chan to create joint research hub with Lahey Hospital

The agreement for the research center includes the creation of Lahey's Institute for Healthcare Delivery Science, which will be designed to promote advances in digital medicine, population health, and healthcare delivery. Additionally, the agreement means Lahey is now a full partner in the UMass Center for Clinical and Translational Science, a center working to enhance health and health care delivery via collaborations with the community and various partners.
