Summer Curriculum Development Service Program

UMMS students have the opportunity to work for pay with faculty to develop new curriculum during the summer months.

Medical Student Summer Research Program

Faculty mentors provide projects on which SOM students work for pay during an 8-week period in the summer after their first medical school year at UMMS.

Summer Service-Learning Assistantship Program

Coordinated in conjunction with the Department of Family Medicine and Community Health, the Summer Service-Learning Assistantship Program offers rising second-year medical students the opportunity to work in a wide variety of community-based health, educational and human service organizations across the Commonwealth during the summer months. Global Health Funding Opportunities

<https://www.umassmed.edu/oume/international-medical-education/pathway-program/>

The **Global Health Immersion Experience** is one of the key components of the **Global Health Pathway (GHP)**. The Global Health Immersion Experience is an intensive six to eight week opportunity in the summer between 1st and 2nd year of medical school training for GHP students to have an in-depth experience in learning and applying the principals of global health. The Global Health Immersion Experience can occur at a site either inside or outside of the U.S.
