Today's Agenda

- ❑ What is OASIS?
- ❑ What it really means for Admins
- ❑ Project Update
- ❑ Demo (IREA)

OASIS = Online Access to Student Information & Scheduling

- **The UMMS Curriculum Management System**
 - SOM, GSN, and GSBS calendars
 - Record keeping & reporting
 - Online evaluation of courses, faculty and student assessments
 - Lottery for CCE & AS years
 - Search across entire UMMS Curriculum
- Replaces E*Value, EVOS, UMEDS

The screenshot displays the OASIS Curriculum Management and Student Scheduling interface for UMass Medical School. At the top left is the UMass Medical School logo. The main header reads "OASIS Curriculum Management and Student Scheduling". Below this is a navigation bar with links: "My Home", "Course", "Calendar", "Students", "Users", "Manage", "Configure", and "Account", along with a search box. A breadcrumb trail shows "Home / Administration /". The main content area is titled "Welcome Stephen Roll" and features a "My Courses for SOM 17-18" section with a "Reselect Year" link. It includes a "Link goes to:" dropdown menu set to "Course Roster", a "Hide courses with no enrollment on" date selector set to "02/05/2018", and a "Refresh Course List" button. Below this are three course categories:

- SCHED - Academic Schedule**
 - [SCHED-CCE - CCE Academic Schedule @ UMWOR](#)
 - [SCHED-SCHED-AS - AS Academic Schedule @ UMWOR](#)
