<b>RADIOLOGY</b>																
Testing Day					24-Apr	29-May	3-Jul	7-Aug	11-Sep	16-Oct	20-Nov			8-Jan	12-Feb	19-Mar

## **Planned Absence Policy for Explorations**

### **Planned Absences:**

\*Planned absences may be taken in ½ day or full day increments.

\*Planned absences approvals will include the expectation that the student must still complete the requisite number of WBAs, oasis case lists and all assignments by the original end date of the rotation. They must be prepared to test at the usual time.

**\*Planned absence total for the year is 7 days and can not be taken on key clerkship dates (defined as testing or simulation).**

\*Within this limit, once annually, a 3-day continuous planned absence may be requested. If this is requested during Flexible Professional Experiences or Radiology the student will need to postpone these rotations to accommodate their request.

**\*Outside of this one, 3-day allowance the per rotation limits are as follows:**

\*\*Neurology, Pediatrics, OBGYN, Family Medicine, Psychiatry - 2 days

\*\*Internal Medicine/Surgery - 3 days max

\*\*Flexible Professional Experiences weeks - ½ day max (each)

\*\*Pathways weeks - 1 day max

\*\*Population and Community Health Clerkship - 1 day max

\*\*Radiology - ½ day max
