**KEY:**

GI/GU: Gastrointestinal and genitourinary imaging  
 Chest: Thoracic and Cardiac imaging  
 Abd, CT, US: Abdominal imaging with dedicated emphasis on computed tomography and ultrasound  
 Pediatrics: Pediatric imaging  
 NM: Nuclear medicine  
 Mammo: Breast imaging and intervention  
 US: Ultrasound

MSK: Musculoskeletal imaging  
 ER: Emergency Department  
 AIRP: American Institute for Radiologic Pathology  
 Neuro: Neurological imaging  
 Interventional: introductory rotations in interventional radiology  
 Abdominal IR: interventional radiology rotation dedicated to US and CT abdominal interventions and US Doppler, CTA and MRA reads  
 Vascular IR: interventional radiology rotation dedicated to vascular interventions

CV Imaging: Cardiovascular Imaging  
 ICU: Intensive Care Unit  
 MSK Intervention: Musculoskeletal interventions  
 Vascular Surgery: Clinical and procedural rotation with vascular surgery  
 Asterisk and yellow background: denotes IR rotation or IR related rotation
