Subject: RE: RTI Messenger Issue 6: November 9, 2020
Date: Wednesday, November 18, 2020 at 4:34:31 PM Eastern Standard Time
From: Jeff Hudson
To: RNATherapeutics

Hi RNA Therapeutics,

As you are aware, Lexogen has been involved with every in person meeting the Institute has had. I see in your email that you post positions. Could I post a sales position on your next email and if so, what do you need from me to do so.

Regards,
Jeff

Subject: RTI Messenger Issue 6: November 9, 2020

Welcome to the 6th Issue of the RTI Messenger, keeping you in the loop from the RNA Therapeutics Institute at UMass Medical School. What a month it has been since our last issue! As always, if you have any resources, community-related news, or relevant seminars to share, please email: RNATherapeutics@UMassMed.edu.

Stay in the loop

ScienceLIVE Outreach Program for Trainees

Attention UMMS students and postdocs:
Join our ScienceLIVE program to facilitate exciting, interactive activities for middle school students, all virtually! We need volunteers to lead modules for the Spring semester in the Worcester Public School district.

ScienceLIVE's mission is to excite, educate, and inspire underrepresented, educationally and economically disadvantaged students in STEM fields, where they are traditionally underrepresented.

Read our UMassMed News article. Email ScienceLIVE@umassmed.edu to get involved!

Funding Opportunities

Postdoctoral Funding Opportunities
Continuously updated repository of federal and private funding opportunities intended for postdoctoral investigators. The opportunities are pre-sorted chronologically and alphabetically, and can be searched by funding amount and subject matter.

Congratulations to...
Dr. Socheata Ly for defending his thesis on Investigating the Role of Mutant Huntingtin mRNA in Huntington’s Disease. We are so proud of you Soki!

Erik Sontheimer for receiving the Leducq Foundation Transatlantic Network of Excellence grant, Editing the Failing Heart!

Jonathan Watts receiving an Ellison Foundation award for his work on COVID-19 & therapeutic delivery to the lung. And a warm welcome to Anna Koudrina to the RTI & Watts lab!

Hot Off the Press

Korostelev Lab:
ArfB can displace mRNA to rescue stalled ribosomes.

Announcing the UMMS Postdoc Association

The UMMS Postdoc Association (UMPA), with the support of the Office of Postdoctoral Affairs, was founded to foster a diverse and inclusive postdoc community amongst UMMS postdocs & research associates. UMPA shall address the needs & concerns of all postdocs by providing support towards career development & professional networking opportunities.

We also organize outreach events, workshops & social gatherings. We have already hosted successful networking events between alumni & current UMASS postdocs, a game night, & an outreach event preparation workshop.

Join our first Science Cafe event on CRISPR to night!
