Student Perspectives

What do you like most about UMASS?

“Sense of community, accessible faculty, and ample opportunities for clinical experiences!”

“The sense of camaraderie among students; everyone is always willing to help each other.”

“The quality of life. People are genuinely happy at UMass, and it shows.”

“Everyone is dedicated to your success and is there to support you when needed.”

“You get exposed to patients on your first day, and start working with them the first month.”
