

CENTER OF EXCELLENCE

DIABETES DAY

Tuesday, May 7 9:00am - 12:00pm

UMass Medical School - Sherman Center Auditorium

A morning to celebrate The Diabetes Center of Excellence and its people. UMass has for years been and remains a leading institution for diabetes research and care. Clearly, the force driving that excellence is its people.

Keynote Speakers

Anette-Gabriele Ziegler, MD, PhD

Director, Institute of Diabetes Research,
German Research Center for Environmental Health,
Chair in Diabetes and Gestational Diabetes,
Technische Universität München

"Clinical trials related to T1D and its treatment"

Ezio Bonifacio, PhD

Director, Center for Regenerative Therapies,
Technische Universität Dresden, Germany

"Auto antibodies as predictors of T1D onset"

- **Poster Session and Research Awards:** a forum for researchers to present their work. All submitted abstracts are eligible for awards/cash prizes!
- **You Make a Difference Awards:** presented to people who have contributed to the success of their department/division and have been nominated by their peers.
- **Patient Awards:** recognizing people living with type 1 diabetes for 50+ years.
