

UMASS MEMORIAL  
**EYE CENTER**

## Keeping You Safe

We recognize that during these times you might feel uneasy about coming into the clinic for your scheduled appointments.

The UMass Memorial Eye Center is committed to a culture of safety. We care for our patients' safety above all.

We've taken steps to protect you by:

- ◆ Maintaining high hygiene standards (personal and equipment cleanliness)
- ◆ Practicing social distancing in all common patient areas
- ◆ Universal masking for all patients and staff
- ◆ Screening and testing all employees
- ◆ Making hand sanitizer available throughout our facilities

Please contact us at 508-334-6855 with any questions.
