Office of Global Health Monthly Seminar Series

“Exploring the Healthcare Needs of Rural Women in Armenia”

OGH 2009 Travel Award Winners
Carol Bova PhD, RN, ANP
Carol Jaffarian, MS, RN, ANP

The presentation will discuss the results of a community-based qualitative assessment (interviews with community members, the health ministry’s director of maternal-child health, NGO representatives and health care providers) about the health priorities of women in Armenia. We will also discuss the historical, social, political and economic climate that greatly influences preventative health practices in Armenia.
