PROGRAM OBJECTIVES

Following the completion of this program the attendee will:

- Be able to identify the nature and scope of ongoing clinical research in the specialty of Obstetrics and Gynecology

- Better understand how clinical research relates to clinical practice

- Be able to appropriately modify clinical practice to incorporate the conclusions of clinical research

UMASS Memorial Health Care designates this Continuing Medical Education activity for 1.0 hour in Category I. In order to receive credit, participants must sign in the day of the program.
