

## Adding Featured SlideShare Presentations to Your Profiles Page

**Note:** In order to add a slide show, you will need to have created a slide show presentation in SlideShare; this requires a SlideShare account: <http://www.slideshare.net>. See the site for more information.

1. Navigate to your **Profiles** page and Login using the link on the top left:

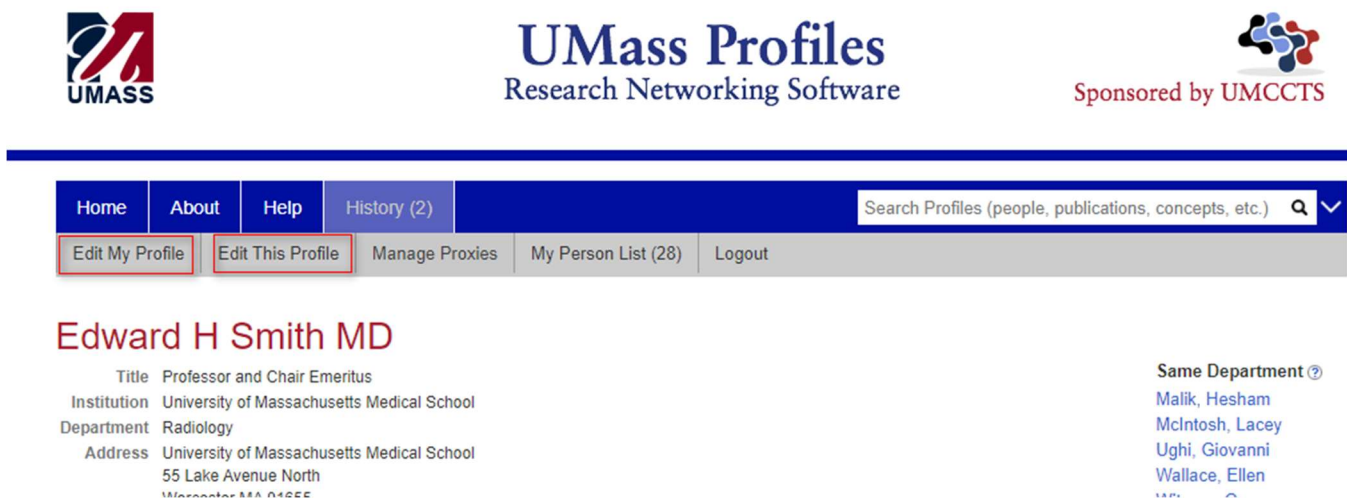

The screenshot shows the UMass Profiles website. At the top left is the UMass logo. In the center is the text 'UMass Profiles Research Networking Software'. At the top right is the UMCCTS logo with the text 'Sponsored by UMCCTS'. Below this is a navigation bar with 'Home', 'About', 'Help', and 'History (0)'. To the right of the navigation bar is a search box with the text 'Search Profiles (people, publications, concepts, etc.)'. Below the navigation bar, the 'Login' link is highlighted with a red box. Below the 'Login' link is the text 'Login to edit your profile (add a photo, awards, links to other websites, etc.)'. Below this are 'Profiles Stats' showing '54368 Publications', 'Find People' and 'Find Everything' buttons, and a 'Most viewed (today)' dropdown menu.

2. Click **Proceed to Login** and use your UMass credentials (jdoe for example) to login. You will be redirected to the University login page as shown below:
